NEWS RELEASE

Madahbee welcomes Carolyn Bennett as new INAC minister

UOI OFFICES – Nipissing FN (Nov. 4, 2015) – Anishinabek Nation Grand Council Chief Patrick Madahbee welcomes Carolyn Bennett as the new Indigenous and Northern Affairs Minister.

“I welcome Carolyn Bennett as the new INAC Minister. She’s a seasoned politician and has a strong knowledge of our issues. Hunter Tootoo will also bring a northern perspective and traditional knowledge to the new Fisheries, Oceans and the Canadian Coast Guard Ministry,” says Grand Council Chief Madahbee.

“We look forward to working with Minister Bennett on issues important to the Anishinabek Nation including education, health and resource-benefit sharing,” says Madahbee.

The Anishinabek Nation established the Union of Ontario Indians as its secretariat in 1949. The UOI is a political advocate for 39 member communities across Ontario, representing approximately 60,000 people. The Union of Ontario Indians is the oldest political organization in Ontario and can trace its roots back to the Confederacy of Three Fires, which existed long before European contact.

Flowserve - Job Posting

Flowserve is looking for a highly skilled, experienced machinist at our Quick Response Center in Sarnia. Our machinists operate conventional machines to repair pumps used in industrial settings, such as refineries, power plants, and factories. The machinists analyze specifications, set-up and operate machines, and maintain machines. The machinists are part of a production team who work together to troubleshoot problems and meet demanding deadlines.

Position Requirements

- 5-10 years machining experience with metals in a manufacturing or repair environment
Must be able to work within close tolerances
- Experience with rotating equipment strongly preferred
- Must be able to read and interpret blueprints and drawings
- Skilled in using precision measuring instruments, such as micrometers, dial indicators, and depth gauges
- Skilled in the use of cranes and lifts to move heavy equipment. Forklift certification desirable
- Must show a customer-service mindset at all times
- Able to communicate clearly so as to explain and resolve problems. Must be able to read and understand instructions
- Demonstrated track record of a reliable work ethic with a personal commitment to quality workmanship
- Able to work overtime and weekends as required on short notice
- Standing for long times required, repetitive arm motions, frequent pushing and lifting with occasional lifting up to 50 pounds
- High school diploma or GED equivalent required
- Must be a ticketed General Machinist

***Accountabilities**

- Machine pump parts utilizing conventional machines in horizontal and vertical machining centers, including lathes, mills, drill presses, saws, and grinders
- Verify the quality of finished work, demonstrating an in-depth understanding of specifications and workmanship, and using precision measurement tools
- Meet production goals relating to scrap and rework, efficiency, and schedules
- Maintain a safe workplace by wearing PPE, following procedures, and completing training
- Clean and maintain machines and tools, and keep an organized workspace
- Record accurate, timely data on computer-based systems or in manual logs
- Apply in-depth understanding of the process flow of documents, materials, and parts through the repair or manufacturing process
- Apply knowledge of equipment applications in the manufacturing process
- Apply a good understanding of tooling design concepts
- Work closely with other machinists to discuss and solve problems relating to repairs and equipment
- Collaborate with inventory workers and engineers to status and discuss work-in-progress
- Mentor other machinists to develop and increase skills across the team
- Focus on improvement by participating in continuous improvement team activities

FACT SHEET

Influenza & the Injectable Flu Vaccine

What is influenza?

Influenza is also called "the flu." It is a serious respiratory infection caused by the influenza virus.

The flu usually lasts 2-7 days; sometimes longer in the elderly and in people with chronic health problems. The cough and fatigue can last for several weeks. About 12,200 people are hospitalized by the flu every year in Canada, and on average 3,500 deaths are related to the flu (NACI, 2015).

People who get the flu may have a fever, chills, cough, runny eyes, stuffy nose, sore throat,

headache, muscle aches, extreme weakness and fatigue. Children can have ear aches, nausea, vomiting, and diarrhea. The elderly may not have a fever.

How do I get the flu?

The flu is spread easily through coughing, sneezing or touching contaminated surfaces or objects like unwashed hands, toys and eating utensils.

If you have questions, call Lambton Public Health at 519-383-8331 or toll free 1-800-667-1839.

What is the difference between a cold and the flu?

Colds, stomach flu and other viral infections are often confused with the flu but they are caused by viruses different from the flu virus.

Symptom	Cold	Flu
Fever	Rare	Usual; high fever (102°F/39°C-104°F/40°C), sudden onset, lasts 3-4 days
Headache	Rare	Usual; can be severe
Muscle aches and pains	Sometimes, mild	Usual; often severe
Fatigue & weakness	Sometimes, mild	Usual; severe, may last 2-3 weeks
Extreme Fatigue	Unusual	Usual; early onset, can be severe
Runny, stuffy nose	Common	Common
Sneezing	Common	Sometimes
Sore throat	Common	Common
Chest discomfort, coughing	Sometimes, mild to moderate	Usual; Can become severe
Complications	Unusual	Can lead to pneumonia and respiratory failure, and become life-threatening. Can worsen a chronic condition.
Prevention	Frequent hand washing	Annual immunization and frequent hand washing

... More

**Lambton
Public Health**

Prevent the spread of the virus

Wash hands thoroughly and often.

Keep alcohol-based hand sanitizer handy.

Cough or sneeze into a tissue or your sleeve.

Keep surfaces, especially door handles, disinfected.

Get the seasonal flu vaccine.

Preventing the flu

The flu shot is the best defence against the flu virus. The vaccine can prevent influenza illness in 70%-90% of healthy children and adults.

Who SHOULD get the flu shot?

Everyone 6 months of age and older can benefit from the flu shot each year!

HIGH RISK Groups:

- Anyone with chronic health conditions.
- Residents of nursing homes and other chronic care facilities.
- People 65 years of age or older.
- Children 6 months to 4 years of age.
- Healthy, pregnant women (especially in third trimester).
- Severely obese persons (BMI \geq 40).
- Aboriginal peoples
- People capable of transmitting influenza to those at high risk.
- Health care and other care providers.
- Household contacts of:
 - individuals at high risk
 - infants under 6 months of age
 - expected newborn during the flu season
- Those providing child care to children less than 24 months of age.
- Those who provide services in closed settings to persons at high risk.
- People providing essential community services.
- Poultry and/or swine workers.

Who should NOT get the flu shot?

- Children under 6 months of age
- People with a severe allergy to any component of the vaccine
- Anyone who had a serious allergic reaction to a previous dose of the influenza vaccine
- Anyone who developed GBS within 8 weeks of a previous influenza immunization should avoid influenza immunization in the future.
- Anyone with a moderate to severe acute illness with fever should usually wait until the symptoms subside before being immunized.

Can the flu shot give me the flu?

No. The flu shot does not contain live virus so you cannot get the flu from the vaccine.

What are the risks of the flu shot?

Like any medicine the flu shot can cause side effects. The risk of serious harm is small. Most people who get the vaccine have no side effects or mild side effects such as:

- Soreness, redness or swelling at the spot where you got the shot
- Low-grade fever or muscle aches

Life-threatening allergic reactions are very rare. If they do occur, it is usually within minutes to a few hours after getting the vaccine.

People are asked to stay at the clinic for 15 minutes after getting their shot, to be sure. Healthcare providers at the clinic are trained to monitor and treat possible reactions.

Signs of a reaction include:

- Hives or an itchy rash
- Swelling of the mouth or throat
- Trouble breathing, hoarseness or wheezing
- Pale skin colour, weakness, fast heart beat or dizziness.

If you have an unusual reaction, call your healthcare provider or Lambton Public Health at 519-383-8331 or toll free 1-800-667-1839.

What is Guillain-Barré Syndrome (GBS)?

GBS is a very uncommon disease with sudden onset of weakness or muscle paralysis. GBS following flu shots is rare. The risk of getting GBS from the flu is higher than from the flu shot.

Overall, the risk of GBS occurring in association with immunization is small. In comparison to the small risk of GBS, the risk of illness and death associated with influenza is much greater.

Boost your protection:

- Wash hands often.
- Keep alcohol-based hand sanitizer handy at home, in your car, etc.
- Cough / sneeze in a tissue or sleeve.
- The flu virus changes so get a seasonal flu shot every year for protection.
- Keep surfaces and items disinfected.
- Eat a diet high in fruits and vegetables. They contain nutrients to help fight illness.
- If you are sick stay home from daycare, school, work, visiting hospitals or long-term care homes until you feel better.

Adapted from the Ministry of Health and Long-Term Care

Revised: 07.OCT.15

SFNS Roster for Conflict Resolution Service

Request for Expression of Interest

On July 1, 2015 the Southern First Nations Secretariat entered into a two year funding agreement with Legal Aid Ontario to help support SFNS' new Roster for Conflict Resolution Service. This service is being offered to SFNS' seven member First Nations.

As a result, SFNS is looking to build upon its current Roster for Conflict Resolution and is seeking EXPRESSIONS OF INTEREST from seasoned professionals with conflict resolution skills to join as a Roster member. As a member of the Roster for Conflict Resolution Service you will assist parties in dispute as in impartial facilitator in order to help them reach a mutually acceptable settlement.

Key Qualifications:

- ✓ Ability to understand the negotiation process and the elements of effective negotiation
- ✓ Ability to work with the parties effectively to get the facts, issues, and perceptions clearly laid out on the table
- ✓ Ability to treat the parties and to run the mediation process in a fair, impartial, respectful, and dignified manner

Other Considerations:

- ✓ 2-year commitment to participate as a Roster member
- ✓ Availability to be on-call (as needed)
- ✓ Availability for monthly debriefing meetings (teleconference and/or in-person)
- ✓ Willingness to participate in training sessions

If you are interested in becoming a Roster member please submit an EXPRESSION OF INTEREST package no later than November 27, 2015 by 4:30pm.

Package to Include:

- ✓ Cover Letter
- ✓ Statement of Qualifications
- ✓ Current Contact Information

EXPRESSION OF INTEREST packages can be directed to:

Jennifer Whiteye
 Executive Director
 Southern First Nations Secretariat

ACTIVE THROUGH ART

AN INSPIRED PROGRAM FOR SENIORS

Get On The Art Bus!

With Lambton Elderly Outreach, we are proud to offer accessible transportation to and from Kettle & Stony Point, Forest, Aamjiwnaang, Petrolia, and Sarnia. Available for participants who would otherwise be unable to attend, **FREE, but capacity limited. RSVP required.**

Behind the Scenes | October 7, 1:00 - 3:00 pm

Learn what goes into hosting an exhibition like the *Masterworks from the Beaverbrook Art Gallery*, see the vault with the JNAAG's Permanent Collection, tour the gallery exhibitions, and more.

Arranging Beauty | October 28, 1:00 - 3:00 pm

Be inspired by the floral beauty and symbolism in selected art works and learn how to create an outstanding floral display. Led by Margaret Taylor, Coordinator of Floral Design at the Toronto Botanical Garden.

Through Generations | November 18, 10:00 am - 12:30 pm

After looking at artworks depicting stories from the past, participants will team up in intergenerational pairs to share their unique stories that will then be represented in paint.

Tis the Season | December 9, 1:00 - 3:00 pm

Get a dose of seasonal cheer with some delightful winter scenes from our exhibitions. Then, share in the community spirit through a group potluck and an interesting workshop where we get to play with food as art.

Dance, Line, and Rhythm | January 13, 1:00 - 3:00 pm

Great artwork can often portray and embody a sense of rhythm, movement, speed, and repetition. After exploring examples in our exhibitions, we will replicate the visual experience with our bodies.

Portrait of a Lifetime | February 3, 1:00 - 3:00 pm

The best portraits display the sitter's identity and go beyond mere representation. Consider the key to representing yourself and then choose five symbols to make a non-representational self-portrait.

RSVP to attend workshop(s), or for the Art Bus, by contacting Caitlyn McMillan at caitlyn.mcmillan@county-lambton.on.ca 519-336-8127 x 3223

Trust

Trust is the spiritual by-product of innocence. Our people say that innocence is more than lack of knowledge and experience; it's learning to look at the world with wonder. When we do that, we live in a learning way. Trust, the ability to open yourself to teachings, is the gateway for each of us to becoming who we were created to be. All things bear teachings. Teachings are hidden in every leaf and rock. But only when we look at the world with wonder do the teachings reveal themselves, and trust is also the ability to put those teachings to work in our lives. Trust is, in fact, our first act of faith and our first step towards the principle of courage that will guide us.
