FrontRunners

June 9th at 6:30 P.M.
*Maawn Doosh Gumig
Community Centre,
1972 Virgil Avenue,
Aamjiwnaang
First Nation*

The film written and produced by Laura Robinson and suitable for all ages, is a story of the 1967 Pan Am Games.

Ten teen-agers from residential schools in Manitoba ran 800 kilometres, but were not allowed to enter the stadium with the torch. The film is about the segregation of aboriginal athletes and the despair and abuse suffered in residential schools, yet it's also a story of survival, hope, reconciliation, and the dream of new relationships that will transcend racism and hatred. Following the film, there will be a discussion about the legacy of both residential schools, racism in Canada, and the Report of the Truth and Reconciliation Commission due this coming May/June.

RBC ABORIGINAL YOUTH LEADERSHIP SCHOLARSHIP

The RBC Aboriginal Youth Leadership Scholarship is open to all Aboriginal youth (First Nations, Metis and Inuit) aged 14 – 21 yrs. Priority will be given to youth who are actively playing a leadership role within their community.

The RBC Aboriginal Youth Leadership Scholarship is designed to offer Aboriginal youth a unique opportunity to participate in Outward Bound Canada's National Youth Leadership Scholarship Program. This scholarship provides Aboriginal youth with the chance to join other young leaders from different cultural backgrounds and lived experiences on an extended wilderness-based leadership expedition; to learn more about themselves and each other; and to further develop their leadership capacity.

This scholarship gives participants the opportunity to connect first-hand with some of Canada's most amazing wild areas, interact with other motivated youth and discover their own strengths, abilities and passions. Outward Bound offers wilderness courses in BC, New Brunswick, Alberta and Ontario, providing the chance to explore the spectacular coastline of Vancouver Island, the rugged Rocky Mountains, the diversity of the East Coast and the remote wilderness of the Canadian Shield.

Outward Bound believes it is through the challenges and rewards of a wilderness expedition that youth can develop greater resilience, compassion and self-reliance.

RBC Foundation is a lead funder in Outward Bound Canada's innovative leadership and educational programs for Aboriginal youth. RBC Foundation's generosity has made it possible for over 300 young people to develop leadership skills, improve self-confidence, build resiliency and develop personal connections with their peers and with the natural world, so that they may grow to become contributing and caring leaders within their communities.

This scholarship is intended for youth aged 14 - 21 years who have demonstrated leadership within their own community and are interested and invested in participating in an Outward Bound wilderness experience. This opportunity is best suited to those who enjoy being outdoors and are motivated to fully participate in this experience.

Outward Bound Canada's mission:

To cultivate resilience, leadership, connections and compassion through inspiring and challenging journeys of self-discovery in the natural world.

NOTICE

As part of the Suncor Sarnia refinery's regular inspection and maintenance schedule to ensure the safe operation of our pipes, I wanted to provide a timeline for work that could be visible to the community.

From May to July, we will be conducting a physical assessment of pipes at Suncor's North and South Docks. During this inspection activity, which will include excavation, the gravel area on River Road next to the docks will be used for parking and to store equipment/materials.

In addition to this inspection work, we will be continuing to take down the old pump house building and install the appropriate facilities needed to manage and collect surface run-off water for processing in our Waste Water Treatment Plant. That work is expected to take approximately three months to complete, so essentially all of this activity will be occurring at the same time.

Both activities have been planned to ensure that there are no traffic disruptions on River Road.

MEDIA RELEASE

For Immediate Release
May 6, 2015

The Ontario Breast Screening Program is Growing in Our Region

As of May 1st, 2015 the Erie St. Clair Regional Cancer Program (ESCRCP) is expanding the Ontario Breast Screening Program (OBSP) affiliates with the addition of two new locations in Essex County. This will provide women in our Region with greater access to organized, evidence-based, high-quality accredited mammography services. Screening is a safe and simple test that can detect cancer at an early stage, when it is small enough to treat successfully. Screening sees what you can't.

With Mother's day around the corner ESCRCP is encouraging the public to give their mom the gift of screening, and you'll both feel good! All women between the ages 50 – 74 who have never had a mammogram or had one more than two years ago are eligible and can call the nearest OBSP screening location below to make an appointment, no doctor's referral is required.

"We are very excited to have the highest quality breast cancer screening program available to more women in more locations across our region," said Dr. John Day Regional Primary Care Lead.

**Found a needle?
Protect yourself.
Dispose of it safely!**

Children must be taught to never touch a discarded needle, but to show an adult where it is. Adults can safely pick up and dispose of a found needle by following the steps below.

You will need:

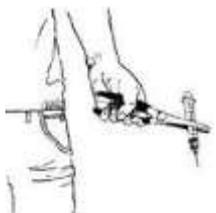

- Pliers, tongs, or tweezers
- A non-breakable, puncture proof container with a screw-top lid – like a thick plastic jar, empty bleach or fabric softener bottle

Take the pliers and container to where the needle is.
Place the container on a stable surface.
Use the pliers to carefully pick up the needle.

Hold the needle tip away from you.
Be careful not to prick yourself with the needle.

Carefully put the needle into the container, needle end first.
Close the container tightly.
Wash your hands

Do not dispose of needles in your curbside garbage or Blue Box containers.

Shingles (also known as herpes zoster) is a painful, blistering rash that can last several weeks

It can occur at any time, with no warning. For most people, the pain from shingles resolves as the rash heals, but for others, it can last for months or even years.

**For some, the pain from shingles can be excruciating
can interfere with normal, everyday activities,
can cause long-term pain (known as postherpetic neuralgia or PHN).**

For many people with PHN, even a breeze or the touch of clothing can cause severe pain.

It is very IMPORTANT to get your shot ...

LOGO CONTEST

Design a logo for the
New Horizons for Seniors Project -
STRENGTHENING OUR COMMUNITY

The goal of this project is to promote inter-generational interaction between seniors and all community members developing lasting relationships. These relationships will have a lasting impact on the community. Recent community surveys and studies demonstrate the need for more community-wide activities, as opposed to targeting specific groups.

**The winner of the chosen logo will receive a
\$100.00 Walmart card.**

Please submit entries to Peggy Rogers at the Health Centre
by Friday, June 5/15, 4:00 p.m.

Contest open to all Aamjiwnaang Band Members.

Support for Families, Caregivers and Friends Who are Supporting Someone Struggling With Substance & Alcohol Use

Families can play an important role in supporting a loved one with a substance use problem. Often it is the families and loved ones that deal with the crisis, assist with system navigation, serve as informal case managers, encourage and support treatment. Family members, caregivers and friends may experience anxiety, stress, shame, self-blame, depression, fear and frustration. People dealing with addictions in their family can initially not have adequate information regarding the problem, treatment, self-care or available resources.

Facilitators from Bluewater Health Community Withdrawal Program will introduce ideas and concepts to you to support your understanding of substance use, how to better support yourself and how to better support your loved one.

TOPIC of discussion: IT'S NOT YOUR RECOVERY

EVERYONE WELCOME!

Let's Talk

Coping with an Alcoholic or Drug Addict

Often times, family member or friends plagued by addiction don't know what to do. Do you remain silent and stay with them or confront them and leave? Should you use tough love or tread gently?

If there is someone in your life that is having problems with drugs or alcohol remember that you didn't cause the addiction, nor can you cure it, but you can contribute to the recovery of a loved one. You cannot change their behavior, only your own. Below are some tips.

•Don't regard Alcoholism/Chemical Dependency as a family DISGRACE.

Recovery from this disease can and does happen.

•Don't nag, preach, or lecture.

Chances are they have already told themselves everything you can tell them. They will take just so much and shut out the rest. You may only increase their need to lie or force them to make promises they cannot possibly keep.

•Guard against the "holier than thou" or martyr-like attitudes.

It is possible to create this impression without saying a word. Begin to look at your own attitudes and behaviors.

•Don't use the "if you loved me" appeal.

Since the drinking/using is compulsive and cannot be controlled by willpower, this approach cannot work. It's like saying, "If you loved me, you would not have sugar Diabetes."

•Don't do for the alcoholic/chemically dependent persons what they can do for themselves... or that which must be done by themselves.

You cannot take their medicine for them. Don't remove the problem before they can face it, solve it, or suffer the consequences.

•Begin to understand and live ONE DAY AT A TIME.

•Begin to learn the facts about this disease and the role that you have in it.

•Be willing to assume responsibility for your own life completely and abandon any attempt to change him/her – even for their own good.

Stop trying to manage their lives and begin to manage your own.

•Begin to learn the 12 Steps as taught by Al-Anon and apply them to your life on a daily basis as a recovery program.

Start with Step 1, admitting powerlessness over another person and recognizing unmanageability in your own life.

•Be willing to recognize that your former methods have not worked.

•Hold On.

Change is never easy. The addict will probably accuse you of abandoning them, put guilt trips on you, or even threaten you. You must realize that this is because the addict does not want the current situation to change, no matter what they say. They need your help to continue the way they have been living, and losing you means they may have to face up to their problems they have been avoiding with their substance of choice. You are not responsible for them, their choices, or their actions, only your own.

•Take care of yourself.

Remember that you choose how to live your life, and you make choices of how you react to what happens to you. It's not your fault that someone else has an addiction. But you don't have to allow that person to negative impact your life because of their actions.

You Are Not Alone

Staff from the Health Centre are available to listen and offer suggestions. In addition Bluewater Health Community Withdrawal holds bi-weekly family support groups. Both are a great place to start your own recovery.

WHO's THAT GIRL

Robin Wood is the **Home and Community Care Program Manager** at the Aamjiwnaang Health Centre. Robin has been working as a registered nurse since 1980. She worked 33 years of her career at Bluewater Health prior to coming to the health centre, as a staff nurse on surgery and in the OR, an OR charge nurse, and a perioperative educator and manager. She's been a member of the Health Centre team since May 2013 and is happy to work with the community at Aamjiwnaang. Robin's goal is to provide quality home and community care

services for the community in a respectful, compassionate and caring manner. She believes individuals have their own unique physical, emotional, social and spiritual needs. Robin enjoys the company of the seniors who participate in the programs provided through the seniors program. Outside of work Robin enjoys time with her family. She loves to bake cakes, read books, garden, and watch the Walking Dead. Her favorite activity is traveling to Georgia where her mother and father were born and raised (the Walking Dead is filmed in Georgia).

AAMJIWNAANG FIRST NATION EMERGENCY PLANNING

PUBLIC ALERTING PROGRAM

When severe weather threatens, Environment Canada issues special alerts that notify those in affected areas so that they can take steps to protect themselves and their property from harm. These public alert bulletins are issued through the media, as well as through the department's Weatheradio service, and our Weather.gc.ca website.

Type of Alerts

The type of alert used depends on the severity and timing of the event:

- **Special Weather Statements** are the least urgent type of alert and are issued to let people know that conditions are unusual and could cause concern.
- **Advisories** are issued for specific weather events (like blowing snow, fog, freezing drizzle, frost, heavy rain, etc.) that are less severe, but could still significantly impact you and your family.
- **Watches** alert you about weather conditions that are favourable for a storm or severe weather, which could cause safety concerns.
- **Warnings**-As certainty increases about the path and strength of a storm system, a watch may be upgraded to a Warning, which is an urgent message that severe weather is either occurring or will occur. Warnings are usually issued six to 24 hours in advance, although some severe weather such as thunderstorms and tornadoes can occur rapidly, with less than a half an hour's notice.

These alerts are updated regularly so that members of the public can stay on top of a developing situation and take the appropriate action.

Remember, a **watch** indicates conditions are favourable for severe storms or weather, a **warning** indicates a storm or severe weather is imminent.

This is important to remember in regards to tornado watches versus tornado warnings in our area.

Reminder: If you haven't signed up for our notification system, use this link:

<https://member.everbridge.net/index/453003085611503>

Or, complete one of the sign-up sheets and drop it off at the Band office

If you have any problems, contact Wilson Plain Jr. at the Band office (519) 336-8410

COMMUNITY LIAISON COMMITTEE (CLC)

Project Manager at 519 336 9053 x 23

Grand Bend Wind Limited Partnership (GBWLP), with Northland Power Inc., as its agent, has received approval to construct and operate the 100 MW Grand Bend Wind Farm ("Project") and is looking forward to working with your community. As the Project enters the construction phase, a Community Liaison Committee ("CLC") is being formed and we are seeking interested members of the community to participate.

Purpose

The CLC will provide a forum for communication and discussion about the Project, amongst GBWLP, community members and local groups, and other stakeholders such as local municipalities, First Nations communities, federal and provincial agencies, etc.

Objectives

- The CLC will act as a liaison between the Project and the community at large, with respect to issues related to the construction, installation, operation, maintenance, and decommissioning of the facility
- The CLC meetings will be a forum where GBWLP will provide timely updates related to construction activities, commissioning plans and initial stages of operations, as well as discuss future plans for on-going operations, maintenance and decommissioning of the facility.
- The CLC meetings will encourage constructive, two-way dialogue about the Project, and provide an opportunity for discussing public concerns and possible means to mitigate the concerns, while building support/acceptance for the Project

Membership

The CLC will include approximately 14 members broadly representing the general public, local municipalities, federal/provincial agencies, and local community groups. The Project's Renewable Energy Approval environmental permit specifically requires that community members residing within 1 km of the wind farm be represented on the CLC.

We are currently inviting members of the public, both living within 1 km of the Project and the public at large to participate. If a surplus number of applications are received, a selection process will be undertaken to determine the membership.

Time Commitment

CLC members will be asked to participate in four (4) meetings over a two-year period. The meetings will take place on weekday evenings and will last approximately 2 hours. The first meeting is expected to be held in the spring 2015. The CLC members will be encouraged to share information relevant to the Project with and from other community members and stakeholders.

Getting Involved

If you are interested in becoming a member and participating in the committee's advocacy work, please submit your written request by email or mail it to the address listed below.

Dreamcatcher:

Thank you for supporting the Aamjiwnaang Bantam boys for the 2015 Little NHL hockey tournament.

We started off Monday with only one game against AOK and won 6-3.

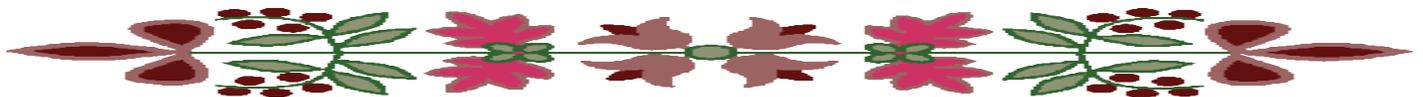

Our first game Tuesday was against Nippissing and was back and forth with lead changes as our team seemed a little slow out of the gate. We lost 5-4 in a shootout to the team that would eventually make the "A" final. Our third game was against Batchewana and we lost 5-1 to the eventual winners of the "A" final. This put

us on the "B" side for Wednesday against six Nations as we would win 5-1 and earn a spot for the "B" final against the speedy Curve Lake.

We won our final game in the "B" final against Curve Lake with a score of 5-1 to claim the "B" Championship. Batchewana would end up beating Nippissing 4-0 to win the "A" championship. The boys were proud to bring back some hardware to show for their hard work in the biggest hockey tournament in Canada. Thanks again for supporting our youth Dreamcatcher.

Thank You.

Aamjiwnaang Bantam hockey team and coaches.
