Ministry of Environment and Climate Change Investigations and Enforcement Branch
Sarnia Area Investigative Activities

The Ministry of Environment and Climate Change (MOECC) Investigations and Enforcement Branch (IEB) are presently investigating three incidents where members of the Aamjiwnaang First Nation (AFN) have reported to the MOECC. As part of the investigative process, members of IEB are seeking an opportunity to reach out to community members that are witnesses. In order to facilitate this investigative process, MOECC is seeking the assistance of AFN Environment Committee to work collaboratively in locating and facilitating the interview of potential witnesses.

Witnesses are being sought in the following investigations:

Imperial Oil Ltd (February 23rd, 2017)

Shell (May 28th, 2017)

Suncor (March 15th, 2018)

The Ministry is seeking a coordinated effort to reach out to AFN community members who may be witnesses to the events. Working collaboratively, MOECC and AFN committee members will develop a strategy to reach every member of AFN and offer them opportunities to speak directly with an IEB Investigator in relation to the incidents.

Dates can be planned to interview witnesses at either the Ministry's Sarnia District Office or at a central location selected by Aamjiwnaang First Nation.

In addition, investigators can make themselves available to speak with witnesses at alternate dates if the selected dates are not conducive to the witness's schedule.

TO MEMBERS OF AAMJIWNAANG

RE: FISHING ACCESS PERMIT

Dear Members:

Due to the increased usage of our shoreline along the St. Clair River for fishing by non-band members, Chief and Council in July of 2017 posted Private Property signs in the area thus allowing only band members to fish in the area.

At the time Council asked our Development Committee to review and make recommendations to address the issue.

The Development Committee brought forward a recommendation and Chief and Council at their regular meeting on April 17, 2018 passed the following motion:

"That Aamjiwnaang Chief and Council accepts the Aamjiwnaang – Application for Fishing Access Permit, and include the following terms:

1. Fees being set in the amount of \$150.00 per seasonal Fishing Access Permit, with a maximum of 100 permits being issued per established season;
2. The daily fees being set in the amount of \$15.00, to a maximum of 50 permits being issued on a daily basis;
3. The permit will be valid May 1, through September 30, per calendar year;
4. That any Status Member of Aamjiwnaang limit the number of guests to two (2); and,
5. To be reviewed at the end of the season."

For clarification, we want to state that **NO FEE** will be charged for the following:

- Other First Nation Members
- Anyone 18 years and younger
- Anyone 65 years and older
- A guest of an Aamjiwnaang Member (limit of 2 per day)

However, the individuals listed above are still required to apply for a Fishing Access Permit.

Band Members please have your Status Card with you when fishing. The Ministry of Natural Resources Staff or Security Staff may ask for it.

Council have tried to incorporate members concerns by implementing this process. Please keep in mind that this is a new process and there may be changes required.

We encourage your constructive feedback but also ask for your patience during the development of this process. You are encouraged to attend the community meeting scheduled for May 14, 2018 at 5 PM at the Community Centre, where this and other topics will be discussed. Alternatively, you could submit your comments in writing to Carole Delion at cdelion@aamjiwnaang.ca or Jessica Pickett at jpickett@aamjiwnaang.ca

Permits will be available at the Band Office. Band Office hours are Monday – Friday from 8:30 am – 4:30 pm closed for lunch from 12 – 12:30.

We anticipate co-operation with the new Fishing Permit terms.

EMERGENCY PLANNING

Office – (519) 336-8410

TORNADOES

Did you know Ontario has an average 12 tornadoes a year? Most tornadoes occur between the months of May and September. Tracking where they will hit is more difficult to calculate. From the extreme southwest of the province to the farthest northern tip, a tornado can strike anywhere. Think about that when you are building your family emergency plan and discuss these safety tips with your entire household to ensure everybody knows what to do in a tornado.

What is a tornado?

A tornado is a powerful column of winds spiraling around a centre of low atmospheric pressure. Also known as twisters, tornadoes often appear behind a shroud of heavy rain or hail in a sky that is green, yellow or black. A tornado can form quickly. They descend as roaring funnel clouds that can move at speeds of up to 90 km/h. Very large thunderstorms can spawn multiple tornadoes or a single tornado with a number of smaller but destructive vortices within it. Tornadoes typically snake erratically from southwest to northeast. They can last for a few minutes or a few hours, and usually leave a path of destruction in their wake. The strongest tornadoes, which rank as an F5 on the Fujita scale, boast winds of just over 500 km/h.

General Tips

If you are indoors:

- The safest place to be is an underground shelter, basement or safe room.
- If there is no basement, go to the centre of an interior room on the lowest level away from corners, windows, doors and outside walls. Put as many walls as possible between you and the outside.
- Get under a sturdy table and use your arms to protect your head and neck.
- Do not open windows.

If you are outdoors:

- Do not wait until you see the tornado to get inside.
- If you are caught outdoors, lay flat in a nearby ditch or depression and cover your head with your hands.
- Do not get under an overpass or bridge. You are safer in a low, flat location.
- Watch out for flying debris.

If you are in a mobile home:

- Go to the nearest sturdy building or shelter immediately. Mobile homes, even when tied down, offer little protection from tornadoes.

ONLINE CHAT COUNSELLING SERVICE

AVAILABLE STARTING APRIL 16, 2018

To inform you of the launch of the First Nations and Inuit Hope for Wellness Help Line's new 24/7 online chat counselling service

With this service, Indigenous Services Canada (ISC) is providing a new option for individuals, and particularly youth, who may be more comfortable accessing counselling services online, as opposed to over the phone.

To support the launch of the new online chat counselling service, (ISC) will update its Hope for Wellness Help Line web content on Canada.ca to include direct links to the online chat counselling service.

Call the toll-free Help Line at 1-855-242-3310, 24 hours a day, 7 days a week, or use the chat box to connect with a counsellor on-line at:

<https://chat.fn-i-hopeforwellness.ca>

<https://clavardage.espoirpourtremieuxetre-pn-i.ca>

The Hope for Wellness Help Line offers immediate mental health counselling and crisis intervention to all Indigenous people across Canada.

Experienced and culturally competent counsellors can help by working with you or help you to find other wellness supports available near you.

Counselling by phone and chat is available in English and French. Phone counselling is also available in Cree, Ojibway and Inuktitut, on request.

Please help build awareness for this new service by sharing this information.

What is a Sweat?...

The Sweat Lodge is an ancient purification ceremony used by most Aboriginal tribes of Turtle Island (North America). It is older than recorded time, and is traditionally used to purify and cleanse the body, mind, spirit, soul, and emotions. It utilizes all of the powers of the Universe including earth—and the things that come from the earth, water, fire and air.

When I was asked to write about gratitude I was, if I'm completely honest, stumped. Lots of people far wiser than me have said insightful things about gratitude and I didn't have anything new to add. And so, I nearly bailed on writing this. The only thing stopping me from doing so was my overwhelming sense of duty. But then it hit me. So often, that's our attitude towards thanksgiving as well. Our 'attitude to gratitude', if you will. We figure that if we don't have anything groundbreaking to say, we might as well not say it.

We will, for the most part, say thank you for elaborate gifts, or surprise visits. We have no qualms about writing a thank-you letter when we've been to a wonderful

party. But when it comes to the ordinary, everyday things of life, we forget. Or, quite possibly, we decide it's probably not worth it.

This attitude frequently spills over from my everyday life and into my prayers as well. If it wasn't a miracle, an incredible answer to prayer that I want to tell everyone about immediately, I will often pass on thanking God for it. If it's just the ordinary things of everyday life which someone has probably already thanked God for, I tend to avoid mentioning it in my prayers.

Except this isn't how this is supposed to work. Prayer – and life in general – was

never meant to be about saying the most impressive thing.

What if we started to look for reasons to be grateful in our everyday, ordinary lives? The colleague who brings us a cup of tea every morning, the neighbour who stops mowing their lawn to ask us how we are, the cashier who we see every week but still know nothing about.

Perhaps, as we look back over the past weeks, we can spot both the extraordinary encounters and the ordinary occurrences for which we can give thanks.

Take the time today – either by reflecting on the last few weeks, by recognizing the significant things or by concentrating on the ordinary things in front of you – to offer distinctly dull thanks. Distinctly dull to you, perhaps, but possibly groundbreaking for the one who receives it.
