NOTICE

TO MEMBERS OF AAMJIWNAANG WHO ATTENDED INDIAN DAY SCHOOLS

RE: Indian Day School Class Action

Dear Members:

Chief Christopher Plain has been in contact with Gowling WLG (Canada) LLP. They are lawyers handling the class action suit with respect to the Indian Day School. "McLean v Canada is a Class Action lawsuit against the Canadian government for the abuses suffered by students who were forced to attend "Indian Day Schools" across Canada after 1920. This is the first national Class Action seeking compensation for Indian Day School students and their families."

Gowling WLG has agreed to visit Aamjiwnaang for an information meeting. Chief Plain will be providing more information on this meeting as soon as it is available.

If you wish to register for this Class Action database, THE INDIAN DAY SCHOOL CLASS ACTION REGISTRATION FORM must be completed. **The representatives from Gowling WLG, will be able to assist you in filling out the form.**

Watch for updates on this important matter.

RE: Clench Defalcation Specific Claim – Update

In July 2015, the Government of Canada presented Aamjiwnaang and Kettle and Stony Point with a global settlement offer as a means to fully and finally settle the Clench Claim with both communities.

As a condition of the settlement with Canada, Aamjiwnaang and Kettle and Stony Point must agree how the settlement funds will be divided between the two communities, and this agreement must be ratified by both First Nations.

At the end of May, representatives from both communities met in London, Ontario to participate in a structured mediation process in an attempt to reach an agreement on the division of settlement funds.

We are pleased to announce that on Friday, May 31, 2019, Aamjiwnaang and Kettle and Stony Point reached an agreement on the division of settlement funds. Next steps will include developing a final settlement agreement with the Government of Canada, which will then be presented to the membership of both communities for a ratification vote.

We expect the final settlement agreement to be put to the community for approval in the coming months and will keep the community informed as to any further developments.

PLEASE SLOW DOWN

OUR CHILDREN ARE OUT TO PLAY

Attn: Concerns About Speeding

AS THE WEATHER GETS WARMER, MORE CHILDREN ARE OUT TO PLAY.

Stay within the maximum speed limit posted on signs along all roads. As a general rule, you will be safer if you drive at the same speed as traffic around you, without going over the speed limit.

Always drive at a speed that will let you stop safely, whether roads are wet or dry. Where there are no posted speed limit signs, do not drive faster than 50 km/hour on all Band owned roads.

Reminder that Tashmoo and St. Clair Parkway are designated as "Community Safety Zones" and as such fines for speeding or increased.

Speed limit tips

- slow down when driving at night
- follow at a safe distance, at least two seconds behind the vehicle in front of you
- lower your speed in bad weather, heavy traffic, and in school and construction zones
- be patient if traffic is delayed

Miigwetch,

CULTURE AND HERITAGE

The Heritage and Culture Club has a standing invitation for you to participate in planning club (community) activities. We are always looking for new members and the door is always open. Activities and meetings are fun and there is always something to learn while there. Our members often share community history and stories.

We truly appreciate the community support in our fundraising efforts, we raised enough funds at the Pow Wow to proceed with the Spirit Awards. It's been a great summer so far, and we are taking this time to plan a Clan Gathering / Workshop in the fall.

On August 14th at the secondary/ post secondary Aamjiwnaang Awards Banquet; the two Spirit Awards will be given out. It is an honour to support and acknowledge our youths' demonstration of cultural pride while they are working toward their goals.

How will student data and information be used by the Anishinabek Education System and Ontario?

The Data and Information Sharing Agreement signed between the Kinooaadziwin Education Body (KEB) and Ontario indicates that student data and information will only be used to further the objectives of the Master Education Agreement (MEA). Under this agreement, AES student information may be used for the following purposes:

- to support Anishinabek student success and well-being;
- to support continuous improvement in education effectiveness;
- to inform ongoing system and school-level planning;
- to inform priorities for professional learning;
- to prepare public reports in accordance with the Master Education Agreement;
- to support research, as described in the Master Education Agreement;
- to support evaluation and monitoring activities;
- to inform the development of the Multi-Year Action Plan and the Transfer Payment Agreement, as described in the MEA;
- to meet multi-level reporting requirements under the MEA;
- to support activities under the Multi-Year Action Plan; and
- other purposes agreed to in writing by the Parties.

Benefit to Students

- Individual student records will be accessible through the KEB and Ontario.
- Inclusive statistical data will consistently reflect on-reserve and off-reserve students.
- Fluid transition of records for students moving between provincial and Anishinabek education systems.

Benefit to AES Schools and Communities

- Supports the continued development and delivery of quality education programs and services in AES schools.
- Allows communities and schools to capture accurate educational statistics for on and off-reserve students.
- Enables educators to customize professional development and learning.

Benefit to AES/KEB and Ontario

- Assists in identifying needs and priorities of off-reserve AES students in the provincial school system.
- Aides in the development of Education Services Agreements between AES First Nations and Ontario District School Boards.
- Promotes educational research to support student success and well-being.

EDUCATION UPDATE for ANISHINABEK EDUCATION SYSTEM (AES) REGIONAL EDUCATION COUNCIL (REC) #4

June 2019

Boozhoo, Aamjiwnaang Members,

We have recently completed the first year of implementation as a Participating First Nation (PFN) in the self-government agreement for the AES. The following information is presented to the community to keep you updated on the activities that are being worked on by AES/KEB staff. Feel free to meet with our staff to answer questions you may have.

Annual General Meeting (AGM) for KEB

The Kinoomaadziwin Education Body is the board of directors responsible for overseeing the AES. An Annual General Meeting was held on June 10, 2019, at the Quattro Hotel in Sault Ste. Marie, ON. The AGM provide annual updates, a review of the 2018-2019 financial statements, a review of the 2019-2020 budget, and elections for the KEB Board of Directors, among other items.

Participating First Nations for REC#4:

Beausoleil, Chippewas of Rama, Mississaugas of Scugog, Chippewas of Georgina Island, Munsee-Deleware, and Aamjiwnaang

BOARD OF DIRECTOR ELECTIONS

There are three (3) board members for each of the regions. One Director from each REC retired this year, and four directors will be elected to these positions. The current Directors may be re-elected, or new candidates may be elected to the four positions. This year REC#1, motioned to increase their board representation to 4 board members.

Board members for REC #4

Vicki Ware, Aamjiwnaang, Evelyn Ball, Chippewas of Rama, and Greer Atkinson, Chippewas of Georgina Island.

CONFIRMATION OF REC REPRESENTATIVES

The REC Coordinators have been contacting each PFN to confirm the PFN Representatives who sit at the Regional Education Council. Each community is responsible for appointing 1 or 2 community representatives who sit at the Regional Education Council.

Aamjiwnaang Reps for the REC#4 – Janet Steadman and Andrea Grondin

KEB STAFF UPDATES

The position for Information & Data Management Officer will be filled soon. Some of the core responsibilities of this position include implementing the Student Information Management System (PowerSchool), establishing the Aniish Naa Gegii data collection process, and managing all other KEB data and information needs.

Postings for the Niigaan Gdizhaami Fund Coordinator and the Aniish Naa Gegii Coordinator will be ready for distribution as soon as possible.

COMMITTEE UPDATES

Data Research and Evaluation Committee (DREC)

The DREC membership have been working to finalize the Research and Evaluation Logic Model.

This model identifies the progress of relationships over the course of the three-year Multi-Year Action Plan. A final visual is expected to be approved in summer 2019. Other initiatives the committee continues to work on include the New School Registrations, the distribution of OENs, the distribution of AES consent form to PFNs.

Special Education Committee (SEC)

The Special Education Committee meets regularly to continue working on special education priorities. The work plan is currently being reviewed by the JMEAC, and the committee's composition may undergo refinement, pending JMEAC approvals. The KEB special education scans are in the process of being analyzed and a full report of the AES special education landscape will be available soon.

Joint Master Education Agreement Committee (JMEAC)

JMEAC continues to meet every other month. Its focus is ensuring the ongoing implementation of the Multi-Year Action Plan and overseeing the work plans of the other committees. JMEAC is currently conducting its annual review of committee work plans and preparing a quarterly report for the period January 1-March 31, 2019.

POWERSCHOOL

Progress continues the implementation of PowerSchool. Three communities are in the final stages of transitioning to the new student information system (Pic Mobert, Georgina Island and Aamjiwnaang). The remaining schools (13) will complete their transition at the end of June, which will alleviate the difficulty of transitioning during the active school year.

LANGUAGE STRATEGY

The AES language strategy is in development. An eight-pronged approach to the strategy will be reviewed with each REC and feedback will be collected. The regional reviews and feedback will help guide the development of the draft language strategy.

In April 2019, the KEB had the opportunity to meet with Maori language experts from New Zealand. The meeting was very informative and allowed the KEB to identify strengths and opportunities for the AES language strategy.

EARLY DEVELOPMENT INSTRUMENT (EDI)

Eleven AES schools with Kindergarten programs are currently working with the KEB and the Offord Centre for Child Studies, to complete the EDI implementation. Early Development Instrument questionnaires have been sent to each school, and teachers are now in the process of completing the surveys for their SK students. The EDI questionnaires will allow schools and the AES to assess the development of kindergarten students in five different areas of development. The results could assist in identifying, developing, and providing programs and services that target key areas of need.

CONSENT FORMS

The AES student information consent forms have been distributed to each PFN. Final packages were sent in the mail between March 27 and April 12. Communities are now preparing the packages for distribution to PFN students/parents both on-reserve and off-reserve. Door prize is a Fitbit.

Evaluating Cancer Risk in Aamjiwnaang

In partnership with:

- Cancer Care Ontario – Aboriginal Cancer Control Unit
- CAREX Canada

We have been working with partners for the past few years trying to determine what is happening with cancer rates and risk in Aamjiwnaang.

We will be hosting a community event in the fall to share these reports, along with other environmental health projects we have been working on. The researchers will be there to provide more information and answer any questions you might have.

CANCER RISK DUE TO CARCINOGENS IN AMBIENT AIR

CAREX reviewed air monitoring data from 1995-96, 2005-06 and 2015-16 to measure air concentrations of six known or suspected carcinogens (cancer causing chemicals):

1,3-Butadiene	Ethylbenzene
Benzene	Naphthalene
1,4-dichlorobenzene	Tetrachloroethylene

This information was used to estimate cancer risk assuming that individuals within Aamjiwnaang experience constant, continual exposure for 70 years.

Findings:

1. The air in and around Aamjiwnaang contains more benzene than recommended
2. Higher risk of cancer from benzene and 1,3-butadiene in the area

What does this mean?

The increased risk is estimated to be 12 out of one million people over a period of 70 years. For Aamjiwnaang's population the increased risk is less than 1 diagnosis over a period of 70 years. While the number is not large, it is "significant" and will be used in efforts to reduce our exposure.

Did you know?

COMMUNITY CANCER PROFILE

The Institute for Clinical Evaluative Sciences (ICES) holds information about our health that is gathered when we use our Ontario Health cards. When someone receives a cancer diagnosis in Ontario, their information including their postal code, is stored in ICES. We gathered all cancer diagnoses from 2001-2012 using postal codes and addresses in Aamjiwnaang. The total number of diagnoses was 49. We compared this to the diagnoses in the Erie St. Clair region (Windsor/Chatham-Kent/Sarnia-Lambton), using the same age and gender distribution as Aamjiwnaang.

Findings:

1. The types of cancers found were not different than our comparison population.
2. The number was slightly higher than expected, but not "statistically significant". The science and medical community interprets this as "no elevation in rates".

We will continue to look into this, trying different methods. Some options might include:

- Widening our area to include close neighbours (e.g. South Sarnia)
- Gather diagnoses using the band membership list and comparing on/off reserve
- Trying to determine if there are clusters of diagnoses within the community

NEXT STEPS

1. The cancer risk work will be expanded in the Sarnia Area Environmental Health Initiative that we are currently working on with the Ministry of Environment, Conservation and Parks (MECP). We will be looking at more carcinogens, more emissions data and including other health outcomes.
2. The cancer risk report has been shared with MECP to inform ongoing work in decreasing our exposure to benzene.
3. Work on enhancing the community cancer profile.

OTHER

An outside study was recently published demonstrating high rates of acute myeloid leukemia (AML) in Sarnia. It has been of interest in the news, partially because of the scientific debate over the methods used. We have forwarded questions to our colleagues at the Aboriginal Cancer Control Unit for advice.
