NOTICE

Last night, March 23, 2020, Aamjiwnaang Council held a Special Council Meeting via teleconference to declare a state of emergency. Below is the motion that was passed.

Motion # 01-2020

That Aamjiwnaang has declared a State of Emergency due to Covid - 19, and further;

This Council supports Ontario's shutdown of all non-essential business's as a measure to avoid the spread, and lastly;

Be it resolved:

This Council declares that all non-essential business's in Aamjiwnaang shutdown to be consistent with the direction by the Province.

While declaring a state of emergency may seem like a serious measure, Aamjiwnaang is doing so as a precautionary measure and to assist in our preparedness rather than having to do it when it may be too late.

Miigwetch,

Chief and Council
