NOTICE

It has come to our attention that enforcement of Ontario Regulation 82/20: Shutdown Zone occurred today at a business located in the Chippewa Industrial Park.

In all the leases held within the Industrial Park, there is a clause which states, effectively:

Compliance with laws

“Without limiting the generality of the forgoing, the subtenant shall at its own expense comply with all Federal, Provincial and Municipal laws and bylaws applicable respecting the use, condition and occupation of the premises.”

These are conditions within the Headlease Designation as required in the Indian Act. The Headlease, which is a conditional surrender, came into effect in 1975 for the purposes of leasing. All businesses in the Industrial Park are bound by these conditions and effectively sign a lease with Chippewa Industrial Developments Limited (CIDL) agreeing to such conditions.

Neither CIDL Board of Directors or Chief and Council have the authority to override conditions of the Headlease Designation.
