

Aamjiwnaang First Nation

Community Energy Plan Newsletter #2

Aamjiwnaang is preparing a Community Energy Plan!

In July 2020, funding was received from the Independent Electricity System Operator (IESO) to develop the Aamjiwnaang First Nation Community Energy Plan (CEP). A CEP helps communities make informed decisions on how to conserve and use energy in the most efficient way possible!

Project Update

We have completed the Baseline Energy Study. The study summarizes current energy use in our homes and community buildings. This will help us to identify opportunities to be more efficient in how we use energy.

Why prepare a Community Energy Plan?

A CEP will provide a guiding document for our community to:

- Use energy more efficiently
- Reduce energy costs
- Reduce greenhouse gas emissions
- Create more opportunities to attract businesses and jobs
- Increase the security of our energy supply
- Enhance our resiliency to climate change

Community Energy Plan Survey!

Share with us your energy use habits and ideas for improvement. Complete the survey by **Tuesday, March 1st, 2022** to be entered into the **PRIZE DRAW**.

Ways to fill out the survey:

Online at <https://www.surveymonkey.com/r/RLVMR5H>

Hard copy, which can be picked up and dropped off at the Health Centre.

Over the **phone and in-person** by contacting our CEP Champion, **Emma Franklin**. Contact information below.

Scan the **QR Code** with your phone or tablet:

More Questions?

We will be hosting one-on-one and/or small focus group discussions this spring on community energy planning.

Contact **Emma Franklin** at efranklin@aamjiwnaang.ca or **(519)330-2955** to be added to the mailing list.
