Orange Shirt Day 2022
 Aamjiwnaang held our Orange Shirt Day activities on September 29th in honour of thousands of children who did not come home from Residential Schools. We wear our orange to remember, to educate and to raise awareness.
 We do this in remembrance so that those children will never be forgotten and to ensure that such a tragedy will never happen again.

Miigwech Ol' Reids Smokeshop/ Shawn Plain for this years sponsorship.

We won 1st in league and went undefeated in the tournament. Miigwech to all our dedicated fans, we truly appreciate you all.

Happy 23rd Birthday

With Love
from your family

Aanii boozhoo kina weya,

My name is Noal Grondin and I am 12 years old. My parents are Andrea George and Shawn Grondin. I am writing to say Miigwech to Aamjiwnaang Chief and Band Council for the financial support to help cover the registration fees for me to play with Team Ontario Lacrosse.

I was one of 20 players selected from all across Ontario to compete in the Canadian National Box Lacrosse Tournament in Langley BC in August 2022. We played teams from Saskatchewan, Alberta, and British Columbia.

My team went undefeated the whole tournament and we brought home the gold medal.

I appreciate you all helping make my lacrosse dreams come true. I love this game and hope it allows me to get a scholarship to university, and I eventually hope to play professional box and field lacrosse.

It's an honor to play the creators game and to represent my home community.

The Right to Play program at Aamjiwnaang would like to extend a big thank you to the students at St Thomas d'Aquin elementary school. Thank you to the students who participated for raising the funds and for helping to raise awareness.

Chippewas of the Thames First Nation, Aamjiwnaang First Nation and Aecon announce new Indigenous-led joint venture

SEP 15, 2022

The Chippewas of the Thames First Nation and the Aamjiwnaang First Nation (together, the “First Nation Partners”), and Aecon are pleased to announce that they have formed the Aecon Three Fires (“A3F”) joint venture to pursue utilities-related project opportunities across southwestern Ontario. The First Nation Partners will hold the majority of the proportionate shares in A3F.

A3F will provide an Indigenous-led solution for a variety of utility construction work along with hydrovac services. To carry out work in these markets, A3F, by way of its constituent partners, will establish a primary facility in the local community and plans to employ an Indigenous-led workforce in construction and functional support roles, with Aecon providing training and capacity development. “Three Fires” references the Council of the Three Fires Confederacy, which is an enduring Anishinaabe alliance of the Ojibway (Chippewa), Odawa (Ottawa) and Bodewadmi (Potawatomi).

“We are proud and excited to begin this new venture with our neighbouring community, Chippewas of the Thames First Nation, and Aecon. We look forward to creating another opportunity for First Nation involvement in projects within our Territory,” said Chief Chris

Plain, Aamjiwnaang First Nation, on behalf of the First Nation Partners.

“Aecon has a proven track record of successfully working and engaging with Indigenous communities across Canada, and this partnership is a natural progression that will provide sustainable business and employment opportunities, as we continue our journey in developing a Reconciliation Action Plan,” said Eric MacDonald, Executive Vice President, Aecon Utilities. “There is a strong demand for A3F’s services in southwestern Ontario, and we look forward to delivering key projects for our clients while creating lasting positive impacts.”

About the Chippewas of the Thames First Nation

Chippewas of the Thames First Nation is an Anishinaabe community, whose shared traditional territory is located in southwestern Ontario.

About the Aamjiwnaang First Nation

The Aamjiwnaang First Nation (formally known as Chippewas of Sarnia) is a First Nation community of about 2,500 Chippewa (Ojibwe). Aamjiwnaang community members honoured for environmental contributions

Pictured above: Wilson Plain Sr., Wanda Gray (on behalf of Errnol Gray Sr.), and Ada (Lockridge) Rogers are presented with photos of the air monitoring stations named in their honour. Photo by Courtney Jackson.

The Sarnia-Lambton Environmental Association (SLEA), along with the Ministry of Environment, Conservation, and Parks, hosted a reception at the Aamjiwnaang Community Centre on May 6, 2022, to honour three Aamjiwnaang First Nations community members for their contributions to environmental protection, particularly relating to air quality in the region.

Ada (Lockridge) Rogers, Errnol Gray Sr., and Wilson Plain Sr., were each honoured with a Clean Air Sarnia and Area (CASA) Air Monitoring Station dedication in their name. During the reception, members of the community gathered to reflect on the contributions of the three honourees, who have each spent countless hours advocating for environmental, clean air, and water protection for Aamjiwnaang First Nations and surrounding communities. Great change has been made over the years as a result of the efforts of these three inspiring community leaders, including numerous updates to policy and environmental legislation in Ontario. "My job is not done yet, and I hope more will follow," said honouree, Ada Lockridge.

CASA provides near real-time data from Sarnia's air monitoring network, which consists of nine state-of-the-art air monitoring stations. This data is posted to the CASA public website to provide the Sarnia-Lambton community with a better understanding of local ambient air quality and how it compares to provincial standards.

For more information about the amazing accomplishments of these Aamjiwnaang community leaders and the location of their dedicated Air Monitoring Stations, visit the CASA website

Environment News

The Environment Department, in collaboration with the Toronto Metropolitan University is pleased to present the opportunity for approximately 10 AFN members to have a passive, non invasive, air sensor stationed at their home or business. You must be located on AFN Reserve Lands to participate. The sensor is collecting PM 2.5 and PM 10 and the data is automatically uploaded to a website.

The sensor (pictured below) needs to be south facing and can be attached most flat surfaces. It will not harm your siding, window etc. and uses Velcro to attach. Our goal is to have them installed in the month of October and early November.

Please contact our office or email Lynn Rosales (lrosales@aamjiwnaang.ca) if you are interested. If more than 10 people are interested, we will do a random draw.

The Land Use Plan for Aamjiwnaang will guide the future development of our lands. This is your opportunity to:

- **Review** the land use plan with us.
- **Confirm** if the Land Use Plan reflects your vision.
- Let us know whether there are areas for improvement.
