Holiday Bulletin December 2022

2022

# Yearin

# Review

The KEB Board of Directors and staff members gathered together at the end of September to focus on strategic planning, relationship building, and communication and to welcome the new Director of Education to the team.

As we close out another year, the staff and Board of the Kinoommaadziwin Education Body reflect on the vision of the Anishinabek Education System (AES): "All of our students are confident, successful and strong In their language, culture and traditional knowledge."

There are so many ways this work is being done throughout the AES. In each of the regions, we see community educators, administrators, and leadership collaborating with each other, with local school boards, and with the Kinoomaadziwin Education Body to bring new opportunities to life for AES students.

From community achievements to system level milestones, the efforts put forward for our youth are commendable. Everyone who contributes to this work is so valued and appreciated!

As the administrative office that supports the AES, the Kinoomaadziwin Education Body also made some significant progress as an organization, including:

- · the development of a five-year AES strategic plan;
- accreditation of the Kinoomaadziwin Education Body as an online high school;
- · offering the Ojibwe language credit course;
- sharing of the first student data set from Ontario;
   and
- ongoing negotiation of the next AES Fiscal Agreement.

With all of these successes in mind, we know that our work also has unique challenges and there is still much progress to be made.

We have all adjusted to changes and losses throughout the year - in our homes, our schools, and our communities.

We also came together at several events to have important discussions that will help us move forward in strength, as Ngo Dwe Waangizid Anishinaabe.

Looking forward to next year, our commitment to each Participating First Nation rests in achieving unity of purpose in our collective work, and always keeping our students at the heart of the AES.

There are many priorities to continue working towards in 2023, but during this holiday season, the staff and Board of the Kinoomaadziwin Education Body wish you all a time of rest, reflection, and rejuvination.

We look forward to reconnecting with our AES family again in the new year.

Franklin "Shining Turtle" Paibomsai E-naag-denj-get (Director of Education)

zero non-compliance

#### **TUESDAY JANUARY 31 2023**

Did you know as a licensed childcare center ABKM must maintain compliance with the Ministry of Education to be operational and have our license renewed annually?

Compliance indicators are used by Ministry of Education program advisors when they assess compliance with licensing requirements while completing the checklist. The compliance indicators are listed in the Child Care Yearly Years Act.

Multiple compliance indicators may be used to determine compliance with a single licensing requirement. If compliance indicators are linked with "And", all must be fulfilled to achieve compliance.

## The compliance indicators fall into 3 categories:

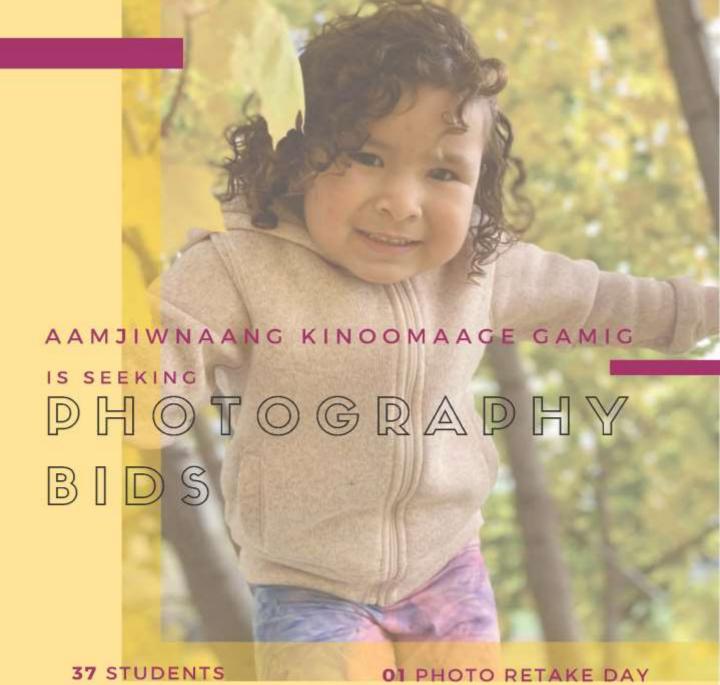

- Observation information collected during physical observation by the program advisor while conducting an in-person site visit.
- Documentation information collected by reviewing written documents (e.g., reviewing policies and procedures, reviewing files and records).
- Interview information collected by speaking with licensees and/or staff.

We are thrilled to share with our community that we had ZERO NON COMPLIANCE on an unexpected licensing visit

(WITH DAKOTA IRELAND, ONEIDA)

- Reflexology is the application of pressure to areas on the feet (or the hands). Reflexology is generally relaxing and may help alleviate stress.
- The theory behind reflexology is that areas of the foot correspond to organs and systems of the body. Pressure applied to the foot is believed to bring relaxation and healing to the corresponding area of the body.
