Cultural Centre Project Community Update

The AFN Cultural Centre Project was included in the 2018-20 Band Council Work Plan as it had been identified as a priority in past and current Community Comprehensive Plans. In June of 2019 AFN Council gave the Development Department directive to establish a Project Team and undertake the development of the building design.

Since June of 2019 the Aamjiwnaang Cultural Centre Project Team has been working with Burkhart Gilchrist Architects Inc. (BGAI) on the Cultural Centre Project and the following is a breakdown of the work that has been completed on the project, to date, to ensure the building truly reflects Aamjiwnaang's rich culture both past and present.

- Request for Proposals (RFP) were issued to three architectural firms to undertake the design process; Burkhart Gilchrist Architects Inc. was the successful bidder.
- From June 2019 to September 2020 the project team collaborated to develop a design concept that was approved by Chief and Council.
- From October 13th – 15th, 2020 the Conceptual Designs were presented to the Community at five Engagement Sessions that were held with seniors, knowledge keepers/elders, artisans, youth, and the general community.
- From the Engagement Sessions a Community Consultations for Proposed Cultural/Multipurpose Centre Project Report was completed which raised issues with the building design, regarding display items and artifacts inventory, and cultural programming.
- In January 2021 Council put the project on hold and directed the Project Team to assess the cultural services and programs offered in the community, available grant funding, listing of other cultural centres and their programming offered, a list of AFN cultural resource persons, and projected budget for building costs.
- In April of 2021 the Aamjiwnaang Cultural Services and Program Report with recommendations was presented to Chief and Council.
- In June of 2021 Chief and Council gave approval to amend BGAI's contract to complete pre-design work which included a Programming Brief Report that provided an approximate building size and high-level square foot construction cost estimate for the project to be shovel ready.

- In March of 2023 Chief and Council choose Option A (original proposed design size of 15,600 sq. ft. single building to house cultural gatherings, conferences, funerals, instructor-based teaching kitchen, small gallery, and minimal administration space) from the Programming Brief Report.
- Project Team will be holding an Open House, on September 28th from 4:00pm to 7:00pm, to gain further Community insight as to what materials/elements represent Aamjiwnaang's cultural and should be included in the building design.
