1702 St. Clair Parkway

Exactly what is being built at 1702 St. Clair Parkway? This seems to be the current question going around.

It is a hospice-like space!

What exactly does that mean? It means Aamjiwnaang will have a beautiful space, built to meet some of the recommendations of community members, endorsed by the Chief and Council, managed by the Home Care Program. This space, or building as we might call it, will be available for any Aamjiwnaang community member to use at the end-of life. Allowing people to stay in the community at the end of life when for some reason, they can't stay in their own home.

What is the difference between this space and the hospice in Sarnia?

In Sarnia at the hospice, people are completely taken care of by the staff and volunteers at the facility. Here at Aamjiwnaang, family and friends will need to help with the care of their loved one. The Home Care Program will assist with the care as they would if the person were in their own home. That would involve including the Palliative Care Team from the Erie St. Clair Home and Community Care Support Services and the Palliative Care Doctors from Lambton County.

E-shift

Aamjiwnaang's Home and Community Care have specially trained Personal Support Workers (PSWs) who can stay all night with a client who needs respite care or who is at the end of life. This program is called e-shift and is in collaboration with the VON (Victorian Order of Nurses). These PSWs are connected to a Registered Nurse (RN) by a computer program! This RN can assist the PSW in care of the client. Currently we

have two PSWs trained for e-shift - Connie MacDonald and Shirley Oliver! If you see them out in the community, please congratulate them on their acquired skills and their excellent commitment to providing quality care to the members of Aamjiwnaang. Connie and Shirley will be working in the hospice-like space, as well as in community homes where needed.

All of AFN's homecare workers are trained or are being trained, to give daytime care to anyone in this space, just as they would in an individual's home.

Support

We are hopeful that community members will support any family who has a loved one here, as they always do when a community member has passed away or when they are sick at home, with food donations.

Volunteers

We will be developing a volunteer program for the Hospice Like Space. These volunteers will maintain the kitchen and common areas, greet visitors, assist families, and maybe more tasks which are uncertain at this time. We will be asking for and training volunteers soon – stay tuned!

Naming Contest

The Home Care Program is going to be holding a naming contest for the space. Please start thinking about the name you would like in Anishinaabemowin and English.

Building

Brian Bois oversees the special project build. The building is being built by Steve DeGurse and his team. It is a simple building with two large bedrooms, a central living room and kitchen. Easily accessed with doors opening to the East and the West.

Contact

Any questions or ideas contact:

Robin Wood, Hospice-Like Space Project. I can be reached by leaving a message for me at the Health Centre, 519-332-6770, and I will return your call.
