SECTION 1.0 INTRODUCTION

1.1 Aamjiwnaang First Nation Profile

Aamjiwnaang is a progressive First Nation Community. We have a total band membership of 2435 and a population of 900 individuals living in 270 residences on Aamjiwnaang First Nation. The history of our community indicates we have occupied this area from time immemorial and we are of Chippewas descent.

Current services and public facilities include: Administration Complex, Senior's Complex, Community Centre, Health Centre Facility, Public Works Facility and Day Nursery/Pre-Kindergarten. We also have located within our community an Industrial Park which currently has 16 tenants with expansion being planned for the future. Within the Industrial Park we also have a commercial plaza which is the location for 6 businesses including a restaurant.

Aamjiwnaang has a land base of 1,214 hectares or 3,000 acres and is approximately 50% residential, 17% reserved for industrial use with 2% used to date and 33% bush or open land.

Our community is in a unique situation in that it is located just within the southern boundary of the City of Sarnia. The City of Sarnia is widely known as an industrial community, which forms the core of the Chemical Valley.

Aamjiwnaang is surrounded on all sides by Chemical Valley industries that include Arlanxco, Shell Canada, Suncor Energy, Praxair, Air Products, Styrolution Canada, Imperial Oil, Trans Alta Energy, Pembina Pipelines, Nova Chemicals Canada and Cabot Canada. There are two major rail companies, CP and CN having lines through our land. There is also an international rail tunnel, and two international bridges that join Canada and the United States located near the Aamjiwnaang community.

1.2 Preamble

The Aamjiwnaang First Nation Emergency Response Plan (ERP) was originally prepared by the Aamjiwnaang Emergency Planning Committee, to provide a prompt and coordinated response to all types of emergencies. For this ERP to be effective, it is important that all concerned be made aware of its provisions and be prepared to carry out their assigned duties and responsibilities in an emergency. Heads of Departments are also required to develop and maintain their own emergency plans, including an employee listing complete with 24-hour contact numbers.

It must be noted that Aamjiwnaang First Nation is in a unique situation. We are a community within another community. Many services for the community are contracted with the City of Sarnia. Because of this, the City of Sarnia will play an important role in our emergency response plan. In this emergency plan, Aamjiwnaang may be the only community affected by an emergency situation. There may be incidences where Aamjiwnaang and the surrounding areas are affected. Regardless of the situation, all duties will be recorded in this plan and will stipulate where necessary who has the responsibility, jurisdiction and authority to mitigate the emergency in that area.

In the event of an emergency situation within Aamjiwnaang, the Aamjiwnaang ERP may be activated. The members of the Aamjiwnaang Emergency Control Group would be notified and procedures followed as set out in the plan.

If the City of Sarnia Emergency Operation's Centre is activated, our Chief or his/her Alternate would go there to represent Aamjiwnaang's interests and to act as the community conduit for concerns at the local level and the city level. The Chief or his/her Alternate would then make the determination whether the Aamjiwnaang Emergency Control Group should be activated.

This Emergency Response Plan also has annexes that deal specifically with emergencies that have the potential to occur at any time (as recorded in the Hazard Analysis portion of this plan-Section 1.5).

1.3 Emergency Planning Committee

As a recommendation of Chief and Council, an Emergency Planning Committee was formed to develop and maintain an emergency plan. This group was comprised of:

- ♦ Chief
- ♦ Band Administrator
- ♦ Assistant Band Administrator
- ♦ Emergency Management Planner

SECTION 1.0 INTRODUCTION (continued)

- Community Representative (Appointed)
- Social Services Coordinator
- Community Health Nurse
- Development Coordinator
- Senior Roads & Maintenance
- 3 Members of Council
- Education Coordinator
- City of Sarnia Emergency Planning Coordinator
- Recording Secretary or Alternate (Non-voting Member)

The responsibilities of this committee were as follows:

1. Make agreements i.e. mutual aid agreements, with the City of Sarnia or neighbouring communities, where it is prudent, to have certain services provided by an outside agency.
2. Submission to Chief and Council, estimates of expenditures for the maintenance and operation of the Emergency Response Program.
3. Submission to Chief and Council at least once per year of a progress report of activities.
4. Make recommendations that this committee feels will enrich the emergency response capabilities of this community to either the Aamjiwnaang Emergency Control Group or to Chief and Council as may be appropriate. These new ideas or directions may come from meetings, debriefings and exercises.
5. Develop a training and education program.
6. Design and conduct an exercise per year to test the overall effectiveness of the Emergency Response Plan and suggest corrections as may be required.
7. Design and conduct a major exercise every three years to test the overall effectiveness of the Emergency Response Plan and suggest corrections as may be required.
8. Make recommendations yearly to the Aamjiwnaang Emergency Control Group for emergency equipment purchases.

1.4 Emergency Definition

An emergency is defined as a situation or impending situation that by its nature or magnitude affects the health, safety, welfare and property of a community and requires a prompt, controlled and coordinated response by one or more agencies and that is beyond the normal day-to-day capabilities of a community.

1.5 Hazard Analysis

While many emergencies could occur within this First Nation Community, those most likely to occur (due to the number of past recorded occurrences) are: accidents involving dangerous goods and hazardous material releases. Other hazards include a breakdown in flow of essential services/supplies, severe storms (including wind, rain and winter weather), air crashes, electrical power outages and isolation or any combination thereof. Following is a breakdown of past and possible future emergencies based on community information and concerns.

Occurrences in the past	low	medium	high
1. Accidental release of toxic/hazardous materials from industry			X
2. Transportation accidents (road, rail, water)			X
3. Pipeline incidents (spills, releases)			X
4. Tank fires (industrial tank complex)		X	
5. Explosions (chemical and pressurized containers)		X	
6. Storage facilities surrounding community creates anxiety		X	
7. Severe Weather (tornado, severe thunderstorms, etc.)		X	
8. Threat of Violence	X		
9. Recreational accidents (boat, airplane, bus)	X		

SECTION 1.0 INTRODUCTION (continued)

The members of the Aamjiwnaang First Nation Emergency Control Group have completed a Hazard Identification and Risk Assessment. The following results of the assessment are the concerns based on the completion of the document:

Possible future occurrences and/or concerns	low	medium	high
Major Industrial Incident			X
Utility Failure			X
Major Snowstorm			X
Health - Suicide/Addictions		X	
Evacuation/Shelter-in-Place		X	
Communications Failure		X	
Transportation (Escape) Routes		X	
Extreme Heat/Cold		X	
Environmental Contamination		X	
Infrastructure Failures	X		

SECTION 2.0 PLAN PREPARATION & MAINTENANCE

2.1 Authority

An agreement was made on the 10th day of April, 1992 between the Department of Indian Affairs Canada and the Ministry of the Solicitor General. In this, the Federal Government has given its fiduciary responsibility of providing First Nations in Ontario with Emergency Preparedness assistance to Emergency Management Ontario (EMO).

1. The Government of Ontario operates within The Emergency Management and Civil Protection Act, R. S. O. 1990. The act is therefore the legal authority for this Community Emergency Plan. The Act states that the Chief or his/her Delegate may declare that an emergency exists in the community or any part thereof. Usually this decision is made in consultation with one or more members of the City of Sarnia Emergency Control Group or the Aamjiwnaang Emergency Control Group.
2. The Chief or his/her Delegate may take such action(s) and may make such order(s) as he/she considers necessary to mitigate the emergency.
3. The actions must not be contrary to law.
4. The Chief or his/her Delegate may also implement the Aamjiwnaang Emergency Response Plan to protect the health, safety, welfare and property of the inhabitants of Aamjiwnaang First Nation.
5. This Emergency Response Plan is authorized by the Chief and Council of Aamjiwnaang First Nation by Band Council Resolution.

Important measures enabled under this legislation and which form part of this emergency plan, are:

- I. Extra powers to the leaders of community to mitigate the emergency.
- II. Once the emergency is declared, financial assistance may be available.

2.2 Aim

The aim of this Plan is to make provision for the extraordinary arrangements and measures that may have to be taken to protect the health, safety, welfare and property of the inhabitants of this First Nation community when faced with an emergency whether real or perceived to be real.

SECTION 2.0 PLAN PREPARATION & MAINTENANCE (continued)

2.3 Requests for Assistance

Assistance may be requested from the Province of Ontario at any time without any loss of control or authority. Such requests can be made by contacting Emergency Management Ontario at 1-877-314-3723 or the Provincial Operations Centre's (POC) direct line at 416-314-0472.

In the event of an emergency, Emergency Management Ontario will assist the Community in any way it can. For example, it can coordinate assistance from a number of other Native agencies, provincial agencies and federal agencies. Emergency Management Ontario is also prepared to send an Area Officer or a Provincial Emergency Response Team and/or a Mobile Command Post to provide advice and assistance.

2.4 Plan Maintenance and Revision

This Emergency Response Plan will be reviewed annually and, where necessary, revised by the Emergency Management Planner. Each time this Emergency Response Plan is revised, it must be forwarded to Chief and Council for approval. However, revisions to the annexes (with the exception of **Hazardous Release Annex**) and minor administrative changes can be made without resubmitting the Plan to Council each time.

It is the responsibility of each person, agency, service or department named within this Community Emergency Plan to notify the Emergency Management Planner forthwith, of any revisions to the annexes, or administrative changes. This will include all agencies as stated in this plan, with regard to services being provided by that agency.

2.5 Testing of the Plan

An annual exercise will be conducted in order to test the overall effectiveness of this Emergency Response Plan and to provide training to the Aamjiwnaang Emergency Control Group. These tests include tabletop exercises or mock disaster exercises. Revisions to this plan should incorporate recommendations stemming from such exercises.

Tests of the notification system shall be conducted several times each year. Test messages can be sent out to all subscribers to the **Aamjiwnaang Notification System**.

2.6 Aamjiwnaang Notification System (Community)

Aamjiwnaang First Nation has obtained for its exclusive use a notification system obtained and powered by Everbridge Inc. The **Aamjiwnaang Notification System** is named "Noondan Gezhawebag" (To hear what will happen). This system is the primary method of notification to community residents. It features cell text or phone calls, home phone calls, email and TTY notifications. Registered users of our system have the option to select their preferred method of contact. Users must update their own information should it change since their original sign up.

Community residents are strongly encouraged to register for this notification system as it is the primary method of notification. Individuals may receive notifications from other sources but there could be a delay in receiving timely information regarding an incident.

The use of community sirens will remain as another method of notification followed by information being provided via local radio and TV broadcasts. MyCNN notifications from the City of Sarnia are also used for notification purposes. Test messages regarding the emergency notification system will occur throughout the year to ensure residents are able to receive the notifications.

2.7 Internal Procedures

Each service involved with this Emergency Response Plan will prepare functional emergency procedures or guidelines outlining how it will fulfil its responsibilities to the Aamjiwnaang Community during an emergency. Each service will ensure that it designates a member of its staff to maintain and revise its own internal emergency procedures and guidelines.

SECTION 3.0 IMPLEMENTATION OF EMERGENCY PLAN

3.1 Action Prior To Declaration

When an emergency exists, but has not yet been declared to exist, community members may take such action(s) under this emergency plan as may be required to protect lives and property in this First Nation Community. This decision will be made in consultation with one or more members of the Aamjiwnaang Emergency Control Group or upon recommendation from the Chief or his/her Delegate who may be attending the Primary Control Group meetings at the City of Sarnia. It is also recognized that the activation of the Plan and/or the Declaration of an Emergency due to the nature of the incident will require every effort to minimize the time factor.

3.2 Declaration of an Emergency

The Chief or his/her Designate is responsible for declaring that an emergency exists for Aamjiwnaang First Nation and therefore will be the one signing the Declaration of an Emergency for Aamjiwnaang. This decision is usually made in consultation with other members of the Aamjiwnaang Emergency Control Group (AECG).

The Mayor or Alternate for the City of Sarnia, in consultation with the other members of the City Primary Control Group which includes our Chief, may declare an emergency for the City of Sarnia.

Upon such declaration by the Chief or his/her Designate, he/she will notify:

1. The Band Council
2. The Community
3. The Ministry of the Solicitor General of Ontario through Emergency Management Ontario, @ 416-314-3723; or, through the Provincial Operations Centre at 416-314-0472.
4. Indian and Northern Affairs Canada
5. Health Canada
6. Neighboring community officials, as required.
7. The media, as required.
8. City of Sarnia, 911 communications, as required.
9. Elder (regional representative), as appropriate.
10. The Tribal Council, Southern First Nations Secretariat, as appropriate.
11. The Union of Ontario Indians, as appropriate.

3.3 Termination of an Emergency

Upon termination of an emergency, the Chief or his/her Designate will notify the list of groups or individuals listed as above in section 3.2

3.4 Emergency Operations Centre (EOC)

The Aamjiwnaang Emergency Control Group (AECG) will report to the primary Emergency Operations Centre (EOC) located in the Aamjiwnaang Community Centre at 1972 Virgil Ave. In the event that this EOC cannot be used, then the secondary location will be in the Aamjiwnaang Health Centre, at 1300 Tashmoo Ave. A third location is in the Aamjiwnaang Band office at 978 Tashmoo Avenue. A fourth location of the EOC, not within the First Nation boundary is located in The City of Sarnia, at their Emergency Operations Centre in Sarnia Police Headquarters. The Chief, if in attendance at the City of Sarnia EOC, may recommend the Aamjiwnaang Emergency Control Group (AECG) convene during an emergency. The AECG would then meet at one of the designated areas available at the time of the emergency.

SECTION 3.0 IMPLEMENTATION OF EMERGENCY PLAN (continued)

3.5 Notification System (AECG)

Upon receipt of a warning of a real or potential emergency within Aamjiwnaang, any member of the Aamjiwnaang Emergency Control Group (AECG) may activate the notification system of the AECG. The first person to activate the call-out will designate a person to call out the remainder of the AECG.

Notification of the AECG may come from the Chief who may be situated at the City of Sarnia Emergency Operations Centre. Or, notification of the AECG may be activated by any member of the AECG. Upon being notified, it is the responsibility of all AECG members to assemble at the Emergency Operations Centre and to notify their staff and volunteer organizations.

Where the threat of an emergency exists, the Aamjiwnaang Emergency Control Group will be notified and placed on standby.

Regarding the Chief's position on the City of Sarnia Primary Control Group, he/she will be contacted by the Sarnia Police Service and advised as to what actions are required be it placed on standby or to report to the City of Sarnia Emergency Operations Centre. The Aamjiwnaang First Nation Chief has the authority to assemble the Primary Control Group after consultation with the Emergency Operations Centre Chair. The Chief may activate the notification for the Aamjiwnaang Emergency Control Group when he/she is placed on standby or asked to assemble at the City of Sarnia Emergency Operations Centre.

It should be recognized that there are several scenarios that may immediately create an "evacuation notification" or a "shelter-in-place" notification for the community. This will be accomplished via the City of Sarnia's **MyCNN** Notification System. The notification messages can also be forwarded by the **Aamjiwnaang Notification System**. Confirmation would be required by users to indicate that the message was received. Door to door foot patrol may be an option as well including the use of sirens and/or hand held loud speakers. Community sirens and local radio and TV broadcasts will also be used for notification.

Evacuation centres are locations that can be set up to receive community members in the event of "evacuation notifications". The specific location would be determined at the time of an incident as it may be dependent on the time of day or availability of various centres. The location of the reception centre will be included in the evacuation notification.

3.6 Aamjiwnaang Emergency Control Group (AECG)

The emergency or disaster response for an event within Aamjiwnaang will be directed and controlled by the Aamjiwnaang Emergency Control Group who is responsible for providing the essential services necessary to minimize the effects of an emergency on the community. The emergency or disaster response that includes Aamjiwnaang will be directed and controlled by the Primary Control Group of the City of Sarnia.

Some of these services will be delivered directly by the Aamjiwnaang First Nation and some will be provided by the City of Sarnia. It is noted and should be recognized that the City of Sarnia is contracted by the Aamjiwnaang First Nation to provide water and sewage services, fire services and police services. The Ontario Provincial Police have jurisdiction on one road that passes through the community, Highway 40, and certain boundary roads.

The emergency or disaster response will be directed and controlled by the City of Sarnia Primary Control Group. The Aamjiwnaang Emergency Control Group will be responsible for supporting the Chief or his/her alternate, who will be located at the Sarnia Emergency Operations Centre, and will address specific issues/concerns for the people of Aamjiwnaang First Nation, when required.

The Aamjiwnaang Emergency Control Group will be responsible for controlling emergency of disaster response for an emergency within the First Nation territory. (Aamjiwnaang only emergency)

SECTION 3.0 IMPLEMENTATION OF EMERGENCY PLAN (continued)

3.7 Composition of Control Groups

The Aamjiwnaang Emergency Control Group (AECG) and is comprised of:

- ◆ Chief or Alternate - (Council - 9 Members)
- ◆ Band Manager or Alternate
- ◆ Health Director or Alternate
- ◆ Community Health Nurse or Alternate
- ◆ Public Works Coordinator or Alternate
- ◆ Development Coordinator or Alternate
- ◆ Social Services Coordinator or Alternate
- ◆ Community Services Coordinator or Alternate
- ◆ Human Resources or Alternate
- ◆ Finance Coordinator or Alternate
- ◆ Housing Coordinator or Alternate
- ◆ Emergency Management Planner
- ◆ Education Coordinator or Alternate
- ◆ Environment Coordinator or Alternate
- ◆ Community Information Officer or Alternate
- ◆ Recording Secretary or Alternate (non-voting member of AECG)

The Aamjiwnaang Emergency Control Group may function with only a limited number of persons depending upon the emergency. While the Aamjiwnaang Emergency Control Group may not require the presence of all the people listed, all members of the Control Group must be notified.

The City of Sarnia Primary Control Group consists of:

- ◆ Head of Council
- ◆ Chairman of Operations Centre (Chief of Police)
- ◆ City Manager
- ◆ Chief of Police Service (Police Designate)
- ◆ Chief of Fire Services
- ◆ Medical Officer of Health
- ◆ Media Coordinator
- ◆ City Emergency Management Coordinator
- ◆ City Clerk
- ◆ Director of Community Services
- ◆ Chief of Aamjiwnaang First Nation
- ◆ Industrial Advisor (see CVECO Manual for List)

3.8 Operating Cycle

Members of the Aamjiwnaang Emergency Control Group will gather at regular intervals to inform each other of actions taken and problems encountered. The frequency of the meetings and agenda items will be established by the Band Manager or his/her Alternate. Meetings will be kept as brief as possible thus allowing members to carry out their individual responsibilities. Maps and status boards will be prominently displayed and kept up to date by the Band Manager and/or a designated volunteer.

3.9 Support Personnel

Additional personnel may be called upon or added to the Aamjiwnaang Emergency Control Group and may include:

- ◆ Senior Police Representative i.e. City of Sarnia Police Services and/or the Ontario Provincial Police
- ◆ Senior Fire Representative i.e. City of Sarnia Fire Services or Industry Fire Officers
- ◆ Public Works i.e. City of Sarnia – Roads, Water Treatment and Filtration Departments

SECTION 3.0 IMPLEMENTATION OF EMERGENCY PLAN (continued)

3.7 Support Personnel (continued)

- Elder from the community or from the region
- Representative from receiving community in the event of an evacuation
- Emergency Measures Ontario – Area Officer

This could apply to either an “Aamjiwnaang-only” emergency, or “Aamjiwnaang and surrounding area” emergency.

SECTION 4.0 DUTIES AND RESPONSIBILITIES

4.1 Aamjiwnaang Emergency Control Group

The actions/decisions which the members of the Aamjiwnaang Emergency Control Group (AECG) are likely to be collectively responsible for are:

1. Calling out and mobilizing their own department’s emergency services and equipment. Also, notifying their department/volunteers, etc. of the declaration of an emergency.
2. Coordinating and directing their own departments services and ensuring that any actions necessary for the mitigation of the effects of the emergency are taken, provided that they are not contrary to law.
3. Determining if the composition and location of the Emergency Operations Centre and AECG are appropriate.
4. (a) Advising the Chief or his/her alternate whether the declaration of an emergency is recommended for an emergency situation within Aamjiwnaang. (Aamjiwnaang emergency only)
(b) Pursuant to the City of Sarnia, advising the Chief or his/her designated alternate as to whether a declaration of an emergency is recommended or advising with regards to any other concerns that may affect the Aamjiwnaang community, i.e. evacuation, discontinuation of utilities, etc. If the City of Sarnia makes a Declaration of an Emergency, the Chief would likely be making a similar declaration.
5. Designating an area in the community as an “emergency area”.
6. Appointing a person to provide assistance and to keep information flowing to the family members of the Aamjiwnaang Emergency Control Group while they are performing their duties. This will ensure the needs of family members are being looked after and thereby allowing their full attention to be dedicated toward the emergency response.
7. Dispatching a community leader from the Aamjiwnaang First Nation to the Evacuation Centre that is receiving evacuees from here.
8. Ordering, coordinating and/or overseeing (or assisting, in the case of a City of Sarnia declaration) the evacuation of residents who are considered to be in danger.
9. Discontinuing utilities or other services provided by public or private concerns, i.e. electric power, water, gas, closing down stores.

SECTION 4.0 DUTIES AND RESPONSIBILITIES (continued)

4.1 Aamjiwnaang Emergency Control Group - Continued

10. (a) Arranging for services and equipment from local agencies not under Aamjiwnaang control i.e. City of Sarnia, private contractors, volunteer agencies, service clubs. (Aamjiwnaang emergency only)
11. (b) The Aamjiwnaang Emergency Control Group will determine if additional human or equipment resources are required for this community. This would then be communicated to the Chief who would then liaise with the Primary Control Group at the City of Sarnia to obtain these resources.
12. Requesting assistance from and/or liaison with neighboring communities, various levels of government and any public or private agencies not under community control, as considered necessary.
13. Determining if additional volunteers are required and if appeals for volunteers are warranted.
14. (a) Ensure a telecommunications link is provided between the Emergency Site (Command Post) and the Aamjiwnaang Emergency Operations Centre (Aamjiwnaang only).
(b) Ensure a telecommunications link is provided between the Chief at the City of Sarnia Emergency Operations Centre, the Emergency Site (Command Post) and Aamjiwnaang Emergency Operations Centre. (Sarnia and area emergency including Aamjiwnaang)
15. Ensure there is a telecommunications link between the Evacuation Centre and the Aamjiwnaang Emergency Operations Centre (when required).
16. Maintain a log of all actions taken and decisions made.
17. Determining if additional transportation is required for evacuation or supplies.
18. Maintaining a telecommunications link between the Public Information Coordinator and Community Inquiry Supervisor.
19. (a) Authorizing the expenditure of money needed to deal with the emergency regarding Aamjiwnaang First Nation (Aamjiwnaang emergency only).
(b) Authorizing the expenditure of money needed to deal with the emergency including Aamjiwnaang First Nation. (Sarnia and area emergency including Aamjiwnaang)
20. Notifying their department/volunteers under their direction, of the termination of the emergency.
21. Submit to the Band Manager within one week of the termination of the emergency, a summary report of the emergency situation/response.
22. Participating in the debriefing (within 1 week) following the emergency.
23. Advising the Chief or his/her alternate of any necessary actions that should be taken but that are not covered in the Emergency Response Plan.
24. Maintaining a record of volunteers to ensure coverage by the Workers Safety and Insurance Board (WSIB).
25. Provide recovery guidelines including Critical Incident Stress Debriefing.

SECTION 5.0 INDIVIDUAL DUTIES AND RESPONSIBILITIES

5.1 Chief or Alternate

The Chief or Alternate is responsible for:

1. Responding to the City of Sarnia Emergency Operations Centre, when required.
2. Ensuring the Aamjiwnaang Emergency Control Group is notified.
3. Making the decision to activate the Aamjiwnaang Emergency Control Group.
4. (a) Activating the **Aamjiwnaang Notification System** in whole or in part, based on information received and severity of the event, etc., or upon recommendation of the AECG (Aamjiwnaang emergency only).

(b) On the occurrence of a City of Sarnia event, activating the **Aamjiwnaang Notification System** in whole or in part, based on information received and severity of the event, etc., in concert with the City of Sarnia's decisions on Public Notification. (Sarnia and area emergency including Aamjiwnaang)
5. Chair meetings of the Aamjiwnaang Emergency Control Group.
6. (a) As a member of the Aamjiwnaang Emergency Control Group, support the directions and decisions that are being taken as a group (Aamjiwnaang emergency)

(b) As a member of the City of Sarnia Primary Control Group, support the directions and decisions that are being taken as a group, but most importantly, relaying issues/concerns from our community to the Primary Control Group. (Sarnia and area emergency including Aamjiwnaang)
7. (a) Upon the recommendation of the Aamjiwnaang Emergency Control Group, declare that a "State of Emergency" exists within Aamjiwnaang. (Aamjiwnaang emergency only)

(b) Should the Mayor for the City of Sarnia declare that a "State of Emergency" exists, Aamjiwnaang First Nation should be declaring also. It will be up to the Chief or his/her Alternate to advise his community of this information. (Sarnia and area emergency including Aamjiwnaang)
8. Upon the recommendation of the Aamjiwnaang Emergency Control Group, declare that the "State of Emergency" is terminated.
9. Notify Emergency Management Ontario at 416-314-3723 or by contacting the Provincial Operations Centre at 416-314-0472 of an impending emergency or the declaration of an emergency.
10. (a) Authorize the expenditure of funds required to minimize the effects of the emergency. (Aamjiwnaang emergency only)

(b) Authorize the expenditure of funds, specific to Aamjiwnaang First Nation, required to minimize the effects of the emergency. (Sarnia and area emergency including Aamjiwnaang)
11. Ensure that members of council are advised of the declaration and termination of the emergency.
12. Inform the Aamjiwnaang Emergency Control Group about information that our community needs to know.
13. Request and or approve mutual aid assistance from/for other First Nation communities, municipal, provincial, and federal government agencies.

SECTION 5.0 INDIVIDUAL DUTIES AND RESPONSIBILITIES (continued)

5.1 Chief or Alternate - Continued

14. Authority to exercise all powers necessary as conferred by the Provincial Emergency Plans Act, prior to and once a declaration of a State of Emergency has been made.
15. When it is safe and appropriate, visit the emergency site.
