DRUG & ALCOHOL FREE EVENT

We want to try something new for the Fall Fun Fair this year, and we thought this would be a fun and great way to encourage some good ol' fashioned indigenous ingenuity. No motors or screaming radios, but maybe a lot of duct tape to hold it all together!

[illegible]

Vehicle Rules -

- Must be solely gravity powered. No other forms of energy or propulsion are allowed.
- Cars have only 1 driver, you may have a pit crew of 3-4 people. Pit Crew can only push the car as far as the start line.
- Cars must have functioning steering and braking capabilities. Must be able to stop within the short space after the finish line. Doesn't have to have a sharp turning radius but must be able to navigate the course without assistance.
- Must have at least 3 load-bearing wheels (No one- or two-wheel vehicles)
- Must have a floor, not just foot pegs so as to protect your feet and knees.
- Size is limited to 8 feet in length, 4 feet in width and we ask that it not exceed 350lbs combined weight with the driver
- Car must not have any sharp edges, either inside or outside, to avoid harm to the driver and others.
- Cars may be shared with other drivers.
- Cars visuals must remain at a PG level, no nudity or profanity and no politics or candidate advertising.

Racer Rules -

- Each racer must wear a helmet (bicycle helmet is ok) and make sure it is properly strapped on.
- Each racer must wear eye protection (glasses or a helmet shield)
- Each racer must wear elbow and hand protection. (leather, canvas or gardening gloves and a jacket are acceptable)
- Knee protection is advised but not mandatory.
- Racers must not wear open-toe shoes. No sandals or flip-flops, slides or slippers. Proper footwear is required.

Other notes of interest --

- Cars may be made of wood, metal, stone, plastic or whatever your can imagine as long as the vehicle is safe and doesn't exceed the weight limitations.
- Any weights or balancing instruments used must be firmly attached to the car to avoid creating dangerous projectiles.
- Thin wheels and well oiled bearings are optimal; no hard plastic wheels as they do not grip to the surface as well as rubber and can potentially slide on curves or steering.

Hi, my name is Cody White, and I am the new Integrated Services Caseworker for the Aamjiwnaang First Nation's Ontario Works Department. I look forward to supporting staff, individuals, and families connected

to the Ontario Works program.

Some of the ways I will be assisting clients include case management and creating client-led action plans that identify specific service goals—whether that's obtaining employment, improving life stability, or enhancing overall well-being for those receiving Ontario Works benefits.

I will also be working with clients to identify programming needs and gaps in service delivery, and to help develop and/or deliver life skills training, workshops, and life stabilization programming.

REVISED COMMITMENT FEE POLICY

The refundable deposit has increased to **\$25** for workshops and daytrips. This only applies if you miss an activity.

If you register for an activity and don't show up or cancel at the last minute, the next two times you register for an activity you will have to pay a \$25 refundable deposit. This will help reduce wasted resources and expenses when spaces are left unfilled due to no-shows and last-minute cancellations. Miigwech for your understanding.

Slow Down!

With more children playing outside in the summer be cautious and watch your speed, especially near playgrounds, parks and Community Centre.

Women Building Futures a non-profit organization that was founded in Edmonton, Alberta, in 1998. Today, we offer training programs and support services across Alberta and are growing our impact in Ontario. We connect unemployed women and gender-diverse individuals as well as those working multiple jobs to make ends meet with higher-paying careers in trades, trucking and related fields.

Currently, we are trying to determine if there is enough local interest for a Line Crew Ground Support program for Indigenous women and gender diverse people. This program would be open to Indigenous women and gender diverse people from Kettle & Stony Point, Aamjiwnaang First Nation and Walpole Island. This is a pre-apprenticeship program that could lead to a power line apprenticeship.

We have developed a survey for folks to complete and these are available at your local employment and training office. Or you can contact Joanna Cloud for more information at cloud@womenbuildingfutures.com

Come make a difference in revolutionizing the way businesses and individuals use clean energy solutions, at Enbridge Sustain, a leading provider in the energy industry embold on the groundbreaking initiative.

We are looking for a Supervisor Customer Operations who will play a key role in developing, implementing, and optimizing Customer Care operations while amplifying Enbridge Sustain's brand identity. In this role, you will lead all aspects of the Customer Care functions, drive cross-functional collaboration, and ensure an environment of excellence to consistently elevate customer satisfaction.

What is Enbridge Sustain? With over 175 years of energy industry experience, we understand the importance of reducing emissions, improving energy efficiency, and strengthening resilience in the face of changing climate and rising energy costs. Our aim is simple: make cleaner and more affordable for customers to embrace sustainable energy alternatives, while contributing to a greener future.

Are you a leader who thrives in a dynamic start-up like environment? Do you love to inspire teams, foster a culture of innovation and collaboration? If so, come and join our exciting, fast-paced, and growing team. We'll love to hear from you!

What you will do:

- Establish and operationalize customer care functions such as Call Center operations, back-office tasks, service, and maintenance support.
- Partner with the sales team to establish residential call center requirements, objectives, and metrics, and initiate the launch of call center using a complete operational model.
- Lead efforts to improve customer satisfaction by consistently refining and optimizing service delivery processes.
- Design and implement training programs for customer care representatives, ensuring they are equipped with the necessary knowledge and skill to provide exceptional service and effectively handle residential sales inquiries.
- Identify and implement process improvements within the Customer Care operations to streamline workflows and enhance overall efficiency.
- Establish and enforce quality assurance processes to ensure consistently high standards in customer interactions and issue resolution.

- Expand customer support capabilities including email, chat, and social media to cater to diverse customer preferences.
- Implement robust performance monitoring mechanisms to track and report on key customer service metrics, providing insights for continuous improvement.
- Collaborate with marketing teams to develop and implement customer retention strategies, leveraging customer insights and feedback to enhance loyalty and minimize churn.
- Oversee the relationship with the service provider to ensure the delivery of services in accordance with our expectations, meeting prescribed service levels, and ensuring alignment with our goals and customer satisfaction objectives.
- Stay informed about industry trends, emerging technologies, and implement relevant insights to enhance processes and maintain drive edge.

Who you are:

- Bachelor's degree in business, or related field. A minimum 7 years of experience in contact center, billing, collections, and service functions, processes, and policies.
- Knowledge of CRM, telephony, knowledge base etc.
- Experience growing, developing, and mentoring a team of high performing professionals.
- An outstanding career demonstrating driving innovative solutions along with the ability to work on multiple initiatives and staffing priorities.
- Proficient in applying data analytics to measure performance and influence strategic decisions.
- Strong communication skills both verbal and written.
- Proven Microsoft Office Suite proficiency, i.e. EXCEL, WORD, and PowerPoint.
- Ability to deal with anxious customers and stressful situations using diplomacy & tact.
- Ability to travel as required.

Working Conditions:

- Position works in typical office environment.
- Some project implementations occur overnight or on weekends and may need to be available to support and lead project launch.
- Requires some travel to third party provider locations and customer sites. A valid Ontario G class Ontario driver's license and maintenance of a responsible driving record is required.

September 28-October 3

Sign up for a trip to join Netmizaaggamig
Nishnaabeg's Moose Hunt (Pic Mobert).

We will be selecting **4** high school aged youth to
bring with us.

Due to the nature of this trip, it will be a selection
process rather than a draw. Youth must write a letter
telling us why they would like to attend this trip.

Considerations when signing up:

- Must be comfortable being away from home that long
- Trustworthy
- Will be early mornings, must get up and ready on own
- Responsible
- Able to catch up on schoolwork for missed week or bring along
- Firearms course is a bonus, but not a requirement

Letter can also be emailed
to Matt or Carrie

Deadline to sign up is
September 22nd at
8am.

Selection/notification
will be same day.

For further information contact Carrie or Matt
carrie.plain@aamjiwnaang.ca or misaac@aamjiwnaang.ca

Southern First Nations Secretariat (SFNS)

Supporting Transitions from School to Work:

Perspectives of First Nation Apprentices and Tradespeople in London, Sarnia, and Windsor

Print Survey

Thank you for participating in this online survey!

Introduction

The Southern First Nations Secretariat (SFNS) is collaborating with the Canadian Apprenticeship Forum (CAF-FCA) on a project to better understand and support First Nations apprentices and tradespeople in southwestern Ontario. Membership with an SFNS First Nation is not required. The focus is on improving transitions from school to work. Our team, Sisco & Associates Consulting Services (SISCO: siscoconsulting.ca) has been hired by SFNS to support this project. This work is being funded by Indigenous Services Canada.

SFNS is a service delivery organization that provides a range of support to their seven member Nations in southwestern Ontario. It is the administrative branch of the London District Chiefs Council.

CAF-FCA is a non-profit organization that supports the networking and collaboration of trades and tradespeople across Canada. They provide research and data to advance best practices in apprenticeship.

What is the purpose of this survey?

The purpose of this survey is to gain your thoughts about transitioning from high school, pre-employment, or pre-apprenticeship programs to apprenticeships and work in the trades.

How will this information be used?

The information we collect from this survey, and other focus groups and interviews we are conducted, will help us write a report. This report will include ideas on how to make it easier for First Nations people to move from school into jobs in the skilled trades. This report will be made available to all SFNS member First Nations, as well as the CAF-FCA. Further, the findings and recommendations will be presented via a national webinar.

The goal is to help more First Nations youth get interested in trades work and to make sure they have the right support to succeed in school and their careers.

What are my rights as a participant?

Joining this discussion is your choice. You can stop participating at any time. You can also choose not to answer some questions or ask to have your information removed from the report any time before **September 30, 2025**.

What you share will stay private. Your name will not be used, and your answers will be grouped with others. All notes will be safely destroyed after the project ends in **March 31, 2026**.

Is this formal research?

This is not a formal research project. We won't use the results for things like academic papers or conferences.

The information will only be used to help write a report with ideas to support First Nations people moving from school into skilled trades jobs.

Are there any risks? (Content Warning)

We created this guide with care, but some questions about bad experiences might make you feel upset. If you feel upset or need help during this process, please reach out to the resources available to you:

- Hope for Wellness: 1-855-242-3310 or hopeforwellness.ca.
- 24/7 Indian Residential Schools Crisis Line: 1-866-925-4419
- 24/7 Indian Residential School Survivors Society Crisis Support: 1-800-721-0066

Who can I contact with questions?

For questions about the survey, or if you would like to stop participating in the project, please let Corall McNickle, SISCO Research Associate (corall@siscoconsulting.ca) know by **September 30, 2025**. After that date, the feedback will be summarized into the report, and it will not be possible to remove your input. For questions about the project in general, please contact Jennifer Whiteye, SFNS Executive Director (jenwhiteye@sfns.on.ca).

Honoraria

As a thank you for your time and contributions, **the first 70 participants** will receive an honorarium via e-transfer. Please note we have a process to screen out AI bots.

Instructions for Submission

To submit this survey once complete, please take photos of all pages, and email them to corall@siscoconsulting.ca. Please include the email to which we would like your honoraria sent.
