Meet the New Community Services Assistant!

Boozhoo! Hi Everyone!
I wanted to take a moment to reintroduce myself and share some exciting news! My name is Whitney Brown, and I'm very happy to announce that I have recently moved into a new role as the Community Services Assistant!

Some of you may already know me as the After School Program Lead. Since stepping into that role, I've had the opportunity to meet so many wonderful children and families, build new relationships, and create lots of fun memories with our After School Program participants.

Although I'm moving into a new position, I'm not saying goodbye to the After School Program just yet! I'll continue to be involved with the program facilitation while a new After School Program Lead is found and will help support the program through the transition. Although my role is changing, I'm excited to remain involved with the After School Program by supporting and guiding the team in a leadership capacity!

For those who don't know me, I have an Advanced Diploma in Child and Youth Care and am currently finishing my Bachelor of Indigenous Child and Youth Care at the University of Victoria. Before coming home, I spent four years working with the Boys & Girls Club of London as a Program Manager, overseeing sport & recreation, life-skill development, & mental wellness programming.

I'm incredibly excited to take this next step with Community Services, meet even more community members, and take on new opportunities while continuing to support the work amazing work happening in our community!

Miigwech to everyone who has made me feel so welcome. I'm excited to see what this new role brings!

On October 30th we held our Trunk or Treat Contest alongside the Haunted Trail event. Prizes were given to the 1st 2nd and 3rd placing trunks. The winners were Edna C/June S in first, Ashely S in second and Riley G in third.

A big thanks to everyone who came out to give the children a great night!!

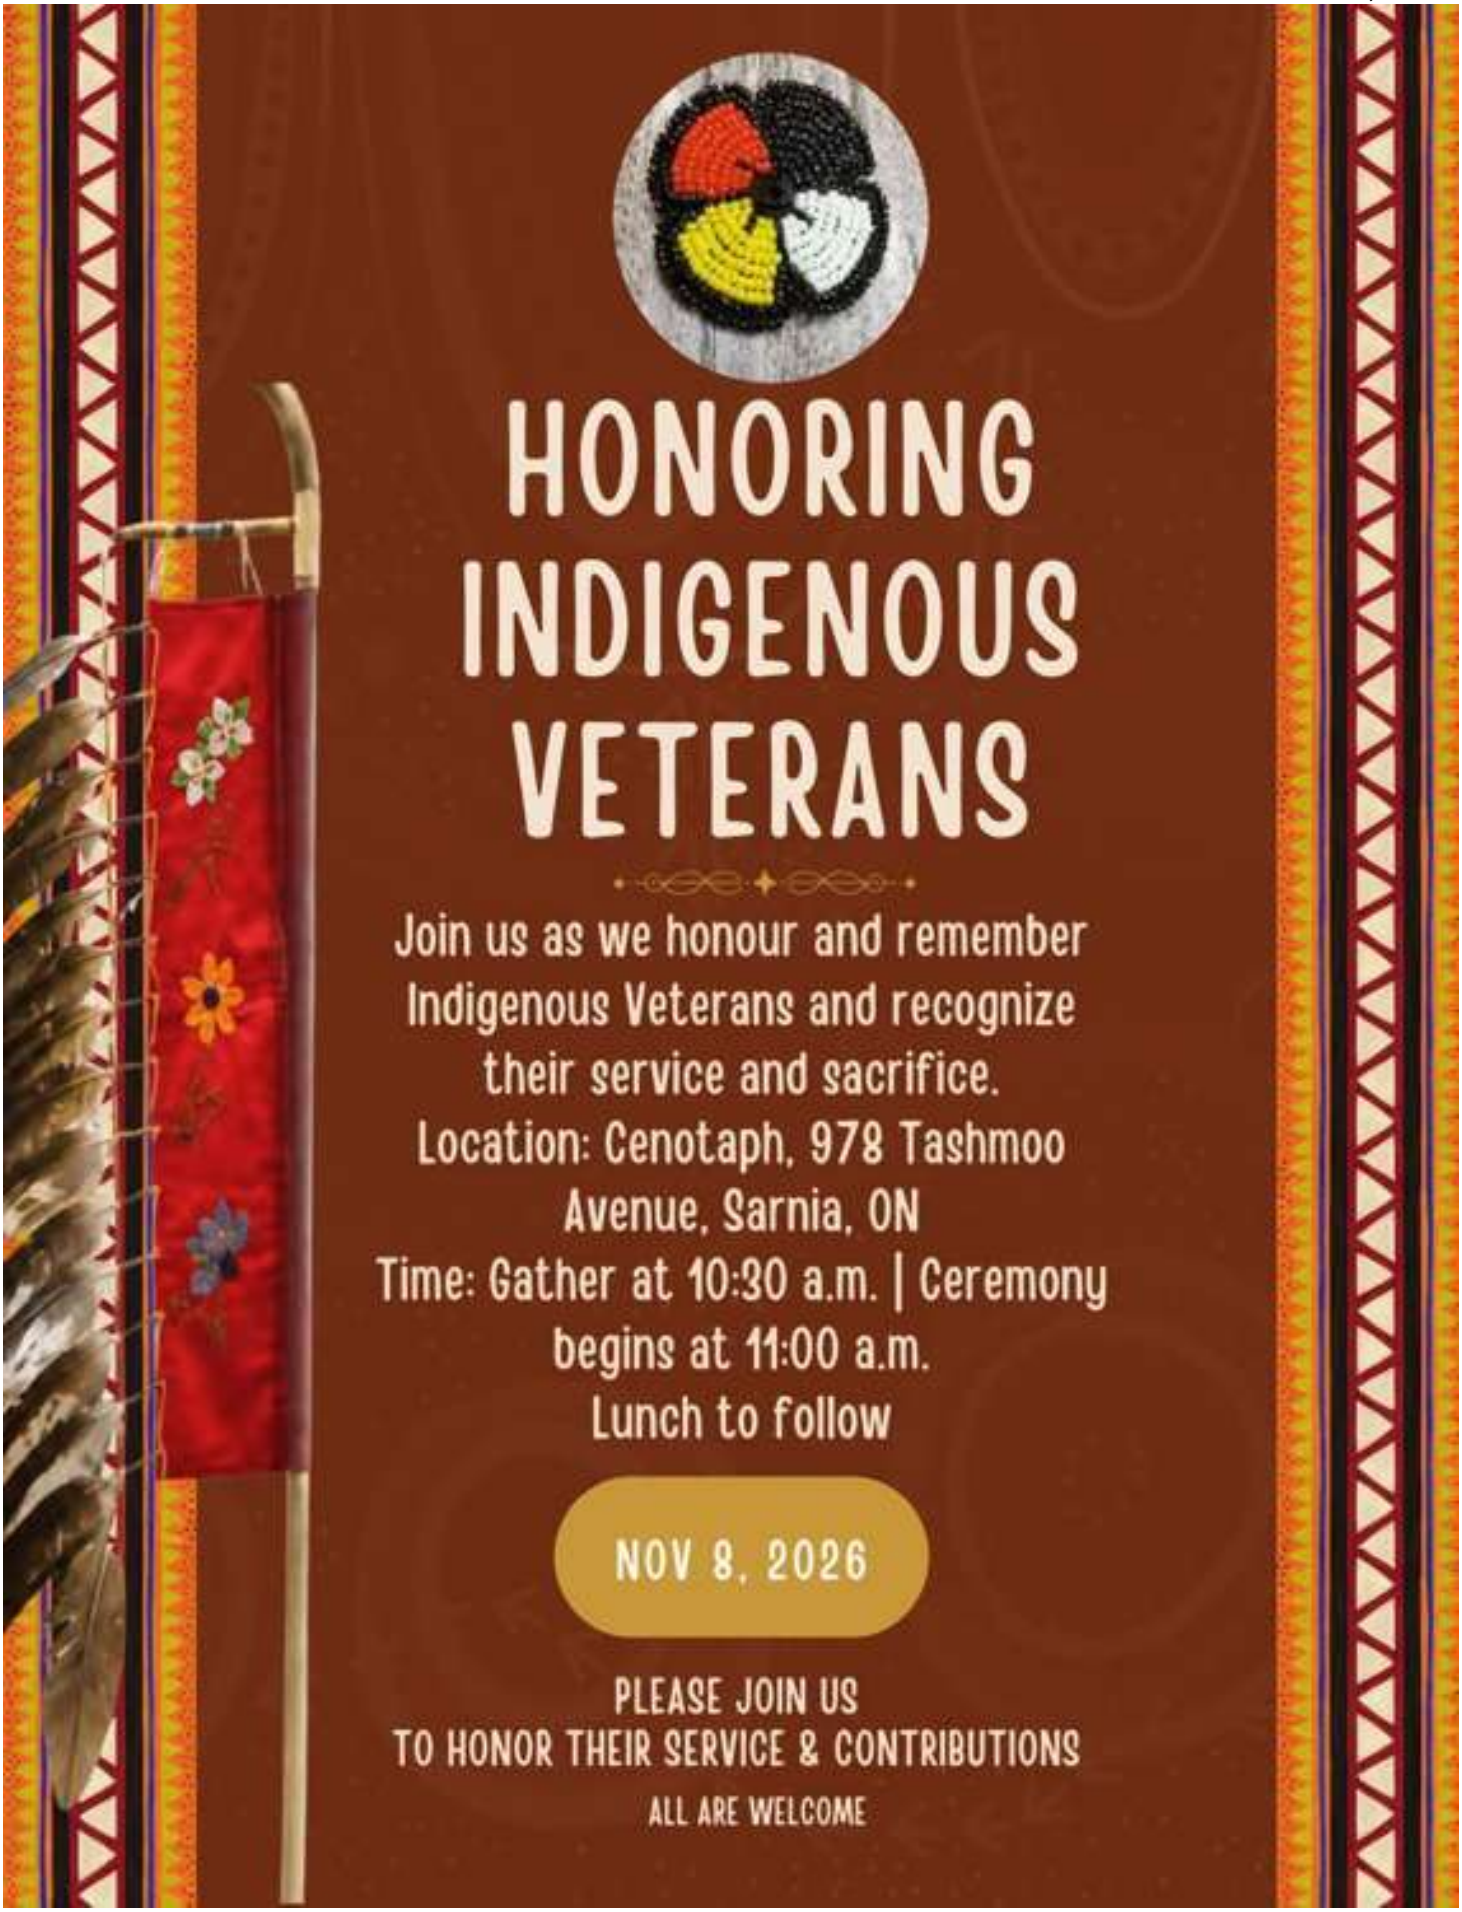

"Pictures from Trade Up Aamjiwnaang, that happened on October 22nd. Chi miigwech for all the youth who participated and Support Ontario Youth (SOY) for facilitating the workshop. Stay tuned for more events from Aamjiwnaang Education."

From Bealart to National Acclaim: Nico Williams Brings Landmark Exhibition Home to London

FOR IMMEDIATE RELEASE

London, ON — OCT 19, 2026 — Museum London is proud to present *Nico Williams: Bingo*, the first major solo exhibition at a museum by nationally renowned, Sobey Award-winning artist Nico Williams. The exhibition brings together a vibrant collection of large-scale beadwork and sculpture, including a newly commissioned work created specifically for Museum London in memory of Dudley George.

Nico Williams, NDN Hustle (detail), 2024-5, 11/0 Japanese glass cylinder beads on thermally-fused/braided polyethylene thread, Courtesy of the artist, Photo: Paul Litherland.

A member of Aamjiwnaang First Nation (Anishinaabe) and a graduate of London's celebrated Bealart program, Williams returns to Southwestern Ontario with an exhibition that is sure to captivate audiences. In *Bingo*, Williams draws inspiration from everyday objects and pop culture imagery. Through dazzling compositions made from thousands of tiny glass beads, Williams transforms ordinary objects into extraordinary works of art, elevating everything from VHS tapes and lottery tickets to grocery flyers, clothing, and commercial packaging.

At once playful, technically masterful, and conceptually rich, Bingo challenges long-held distinctions between art and craft while inviting audiences to reconsider the value, meaning and stories embedded in everyday objects.

The exhibition comes to Museum London from PHI Foundation in Montréal, where Nico is now based and where *Bingo* debuted to critical acclaim.

Inspired by the popular community game, *Bingo* explores themes of chance, value, exchange, and belonging. Drawing connections between the history of bingo and the global circulation of glass beads, Williams traces how the trade of Venetian beads introduced through colonial exchange became woven into Indigenous artistic traditions across Turtle Island. Through humour, beauty, and meticulous craftsmanship, the exhibition opens conversations about economics, cultural hierarchies, resilience, and the ways materials carry history. Museum London Art Curator, Cassandra Getty, believes audiences will be struck by both the ambition and relevance of Williams's work. "I was amazed to experience *Bingo* at PHI in Montreal in 2025, and I'm even more excited to present it here in a different configuration. Indigenous artists are creating some of the most innovative and exciting work around the world today, and Sobey Award-winning Nico Williams is at the top of his game."

Williams is a member of Aamjiwnaang First Nation and an active participant in Montréal's urban Indigenous arts community. His work has been exhibited at leading institutions across the country, including the National Gallery of Canada, the Art Gallery of Hamilton, and the Musée d'art contemporain de Montréal.

Nico Williams: Bingo opens October 31, 2026, in ML's Ivey Galleries and continues through April 4, 2027, organized by PHI Foundation and presented in collaboration with Museum London.

Public Programs

Museum London will be hosting a Bingo Night in collaboration with the artist on November 5. Williams, alongside our host Sara Mai Chitty will be facilitating up to ten rounds of bingo with prizes included. The evening will also feature a Beadwork Market in the Museum Atrium hosted by local indigenous artists and makers. Visitors can shop handcrafted beadwork, jewellery, accessories, and other one-of-a-kind creations while supporting local Indigenous entrepreneurship and creative practice.

The exhibition will be further celebrated during Museum London's Fall Launch Party on November 19, alongside the Museum's newest exhibitions and programs.

About Museum London
Museum London mobilizes art and history to build community and co-create an inspired future. Through exhibitions, programs, and events, we connect communities, challenge ways of thinking, and ignite creativity toward a more just world.
